GENERAL AND REVENUE DEPARTMENTS.

Read—

The following papers on the subject of the constitution of Village Forests under the provisions of the Forest Regulation:—

(1) Government Order No. R. 1750-60—Ft. 187-07-13, dated the 22nd August 1913, appointing a Committee consisting of the Revenue Commissioner, the Conservator of Forests, the Deputy Commissioners of Districts and the Secretary, Economic Conference, to formulate and submit to Government a workable scheme for the constitution of Village Forests in the State and their management.

(2) Correspondence ending with letter No. 10431, dated the 18th February 1914, from the Revenue Commissioner in Mysore, submitting a copy of the proceedings of the Committee which met at Bangalore on the 6th February 1914.

Order No. R. 5790-803—Ft. 53-13-8, dated Bangalore, the 5th January 1915.

The object of the scheme is to secure the co-operation of the raiyats in the protection and improvement of the lands from which they have been accustomed to draw their supply of fuel, timber and other forest produce for their domestic and agricultural needs, and to induce them to take greater interest in a more economical and well-regulated use of the forest resources at their disposal.

2. In August 1913, Government appointed a Committee of Government officers to formulate and submit a workable scheme for the purpose. The Committee have considered the subject in all its aspects and framed a scheme indicating the main lines on which Village Forests may be constituted. Their proposals are well thought out and Government are pleased to approve of them with slight modifications. The scheme will for the present be introduced tentatively for a period of three years in selected localities.

3. A Village Forest will consist of such gomal lands, portions of the District and State Forests, plantations, Amrut Mahal Kavals, date reserves, etc., as may be assigned by Government and will not ordinarily be less than 200 acres in extent.

4. The Deputy Commissioners of Districts are requested to send up proposals for introducing the scheme in certain selected localities in each district. The usefulness and success of the scheme will depend upon the extent to which it commands the co-operation of the people. Deputy Commissioners are expected to consult representative leaders of the people with agricultural interests in selecting localities where Village Forests may be constituted. The villagers concerned also should, as far as possible, be consulted as regards the lands proposed to be included in a Village Forest. A statement showing the particulars of the lands to be constituted as Village Forest and the boundaries thereof as well as a map should accompany every proposal. The constitution of each Village Forest will be notified in the Gazette and thereafter its management will vest in a Panchayet.

5. The rules for the management of the Village Forests are issued under a separate notification and the scheme should be brought into effect as early as possible. The local Revenue and Forest Officers should be instructed to take a sympathetic interest in the Panchayets, when formed, and help them with their advice and guidance. A report should be submitted to Government at the end of June 1915 as to the number of Village Forests which have been constituted and the manner in which the scheme is working, with suggestions for improvement of the rules.

6. The thanks of Government may be communicated to the members of the Committee for the scheme submitted by them.

NOTIFICATION.

No. R. 5804—Ft. 53-13-9, dated Bangalore, the 5th January 1915.

Under Section 32 of the Mysore Forest Regulation (XI of 1900) the Government of His Highness the Maharaja of Mysore are pleased to issue the following rules for the management of Village Forests constituted under Section 31 thereof:—

1. The management of a Village Forest shall be vested in a Panchayet consisting of the Patel and the Shanbhog of the village for the benefit of which the Village Forest is constituted and other members not less than three and not more than seven in number, as may be fixed by the Deputy Commissioner of the district in each case. No one who does not either permanently reside in the village concerned or hold lands therein will be eligible as a member.

2. The members of the Panchayet other than Patels and Shanbhogs shall be either selected by the Amildar of the taluk in which the village is situated or elected by the residents of the village duly qualified to vote, or partly selected and partly elected as may be determined by the Deputy Commissioner in each case. The members of the 1st Panchayet shall, however, be selected by the Amildar subject to the approval of the Deputy Commissioner.

3. For the election of the members of the Panchayet, all adults of either sex paying land tax or mohatarfa shall have the power to vote and each voter shall have as many votes as there are places to be filled up by election.

4. Disputes regarding election shall be promptly decided by the Amildar from whose decision an appeal shall lie to the Deputy Commissioner. The decision of the latter shall be final.

5. Each Panchayet shall hold office for a period of three years at the end of which the members thereof will be eligible for reappointment. The Amildar shall have the power to fill up casual vacancies.

6. A Chairman shall be elected by the Panchayet from among its own members for each year.

7. The Panchayet shall meet for transaction of business at least once a month and record the proceedings of the meeting in a book maintained for the purpose which shall be signed by the Chairman.

8. Every Panchayet shall maintain regularly such accounts and books and in such form as may be prescribed by the Deputy Commissioner and submit such of them to the Amildar at such periods as the Deputy Commissioner may direct. The accounts shall be audited once a year under the orders of the Amildar.

9. The removal of wood and other forest produce from the Village Forest shall be regulated by permits issued by the Panchayet either free or for a fixed fee according as the applicant for the permit is or is not entitled to the free removal of the produce as per rules in force for the time being regulating the use of forest produce in District Forests and lands at the disposal of Government.

10. Grazing shall be free in all gomal lands included in the Village Forest, but it will not be allowed in the rest of the forest except on payment of a fee fixed by the Panchayet with the approval of the Deputy Commissioner.

11. Lands included in a Village Forest shall not, ordinarily, be given out for cultivation or for any other purpose without the consent of the Panchayet.

12. The Panchayet shall have power to divide the Forest into blocks and work each of them in rotation in accordance with a working plan furnished by the Deputy Commissioner.

13. The Panchayet will have the power to stop the exercise of any of the privileges in the Forest by the villagers, if they fail to pay the dues of the Panchayet or to conform to any of the rules made by the Panchayet. It will have also the power to exclude the cattle of such persons from the Forest and to impound the cattle allowed to enter the Forest contrary to the rules made by the Panchayet.

14. It shall also have the power to close any portion of the Forest for grazing or for the exercise of any other privileges and against any class of cattle for any period considered necessary.

15. The Panchayet shall have power to dispose of all trees and grass and other forest produce except thangadi and such trees and shrubs as may have been reserved by Government, in accordance with the rules in force for the time being relating to District Forests and lands at the disposal of Government in the Malnad or Maidan, subject, however, to the rights of the villagers for free grazing or for the free removal of any forest produce.

16. It shall be the duty of the Panchayet to suitably demarcate the Forest and to maintain the demarcation in an efficient condition.

17. It shall be the duty of the Panchayet to improve the condition of the growing stock and to plant fuel, timber, manurial and other trees in the Forest and in this respect they will be guided by the advice of officers of the Forest Department.

18. It shall be the duty of the Panchayet to undertake measures for the improvement of the growth of grass and to arrange for the growth of fodder and other quick growing crops in years of plentiful rainfall when a smaller area of the Forest is sufficient to meet the requirements of the village.

19. All realisations from the sale of grass and other forest produce (either by the permit system or otherwise) shall be constituted into a Village Forest Fund which should be deposited in the Government Savings Bank in the name of the Panchayet. The Chairman and another member of the Panchayet appointed for the purpose will be authorised to operate upon the account, whenever necessary. The funds shall be used solely for the purpose of the protection and improvement of the Village Forest.

20. The control over the Panchayet shall vest in the Deputy Commissioner who will have power to delegate it to the Assistant Commissioner in charge of the Sub-Division

21. The Deputy Commissioner will have power to remove any Panchayet or any member thereof for sufficient reasons. On the removal of a Panchayet, the management of the Forests and the control over the funds relating thereto will vest in the Deputy Commissioner.

22. The District Forest Officer or any of his subordinates not lower in rank than a Ranger shall inspect the Village Forest and the accounts pertaining thereto at least once a year and report the result of such inspection to the Deputy Commissioner through the proper channel.

23. The Revenue Sub-Division Officers and the Amildars may also during their tours inspect the Village Forests and the accounts and registers maintained by the Panchayet.

24. The provisions of sections 24 (*a*), (*b*) 25 (*b*), (*c*), (*d*), (*e*) and (*f*) and 26 of Chapter II of the Forest Regulation shall be applicable to Village Forests also.

25. In all cases of trespass and other offences relating to Village Forests, the Chairman of the Panchayet shall have the power to compound the offence on payment of a compensation not exceeding Rs. 10.

GOVERNMENT OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 12974, dated 16th June 1914, from the Conservator of Forests in Mysore, submitting his report on the inspection of the Shimoga District Forest office conducted on the 22nd April 1914.

(Printed as accompaniment.)

Order No. R. 5951—Ft. 192-13-2, dated 9th January 1915.

Recorded.

2. Perfunctory maintenance of the registers, accumulation of arrears and inattention to the prompt rectification of omissions and defects pointed out at the previous inspections are some of the outstanding features disclosed by the report.

3. The arrears of revenue are unusually heavy and some large items have been outstanding for a long time. Endeavours should be made to realize them at once.

4. It is unsatisfactory that errors and omissions noticed in 1908 should have remained unexplained for nearly six years. The Conservator should hold the District Forest Officer responsible for rectifying all defects noticed in the report within six months, and report the result of the action taken for the information of Government.

INSPECTION REPORT OF THE SHIMOGA DISTRICT FOREST OFFICE.

Date of Inspection.—22nd April 1914.

Date of previous inspection.—12th March 1912. An inspection of the registers was made on the 9th May 1913.

Officer in charge.—Mr. M. G. Rama Rao, B.A., Deputy Conservator of Forests, since 22nd October 1910.

Office building.—Accommodation sufficient.

Furniture.—Inadequate. A few articles have been supplied since the last inspection. A fresh indent must be submitted early for those that are urgently required.

I. RECORDS.

Management and Working of Forests.

1. *Register of State Forests.*—Maintained and brought up to date.

2. *Maps of State Forests.*—Maps for twenty State Forests have been supplied. Survey is still in progress and it will take at least two years more for all the maps to be ready.

3. *Control Book—Form No. 2.*—Has been posted up, but in the Chamagiri Range, the number of trees marked for felling has been omitted. Detailed instructions have been given to the Range officers when personally examining their registers.

4. *Register of yield and outturn.*—Has not been posted up correctly. Mistakes have been pointed out and explained. In some cases, the entries have not been made with reference to the Control register and several working circles have been grouped together instead of being treated separately. In column 9, full particulars have not been given as regards grazing and description of cattle.

5. *Record of works of reproduction and improvement—Form No. 3.*—The manner in which this register has been posted up leaves much to be desired. In the first place, it must be remembered that it is not an "Unit" register. It must contain only works carried out under budget heads A-V and A-VI.

6. *Forest journal.*—An attempt has been made to compile this important record, but it does not seem to be a serious one. The Conservator cannot too strongly impress on the District Forest Officer the necessity of writing it up to date. He will report by the end of December next, the progress made in the giving effect to the orders on the subject.

7. *Felling Registers—Form No. 3A.*—The regular submission of this return has not been insisted upon and the object with which it has been prescribed has been lost sight of. The object is to prevent frauds, unauthorised sales and wasteful fellings.

8. *Register of receipts and issues of timber and other produce in Depots—Form No. 6.*—Maintained and posted up to end of February 1914. Discrepancies noticed have been pointed out and explanation called for.

9. *Register of the sales of timber and other produce cut and collected by Government Agency—Form No. 7.*—Posted up correctly.

No. R. 5951—FT. 192-13-2, DATED 9TH JANUARY 1915.

10. *Register of accounts of timber and other produce cut, collected and removed by consumers and purchasers—Form No. 9.*—Maintained, but the discrepancies pointed out at the previous inspections have not yet been explained.

11. *Register of outstandings on account of revenue—Form No. 10.*—Maintained. Demand, collection and balance have been duly accounted for. The total amount of outstandings of revenue at the end of February 1914 was Rs. 8,80,150-11-1, but since then, a sum of Rs. 7,70,707-3-6 has been recovered, leaving a net balance of Rs. 1,09,443-7-7 on the date of inspection. This is made up of the following items:—

II. STOCK.

LIVE AND DEAD-STOCK.

15. *Elephant returns and condition of elephants and cattle.*—Out of six elephants allotted to this district, only three are now working in the district. The rest will join on the conclusion of the sales of the recent captives. The elephants are in good condition.

16. *Register of stores, tools, etc.*—Maintained correctly.

17. *Register of uniforms and accoutrements, etc.*—Maintained.

It has to be pointed out that the stock of jungle depots has not been taken in spite of repeated reminders. This by no means is creditable to the District Forest Officer and his staff.

III. CASH BOOK.

20. *Cash book.*—Maintained neatly and correctly. The omissions and discrepancies pointed out in the report of 1908, have not been explained, although the District Forest Officer's attention has been drawn to this subject repeatedly.

(*a*) Entries for March and April 1914 were checked with vouchers and found to agree. Nine advance vouchers were still due from Range Officers.

(*b*) Latest date to which the headquarter entries are made is 21st April 1914.

(*c*) Subordinates' returns have been received and incorporated in the District Cash Book up to end of February 1914.

(*d*) *Cash balance.*—Nil.

21. *Record of sanctioned works—Form No. 28.*—Maintained. Completion reports for many completed works have not been submitted yet.

22. *Register of pass books, permits, etc.*—Maintained.

23. *Register of license books.*—Forms B and C have been maintained correctly.

24. *Copies of pay bills.*—Maintained.

25. *Acquittance roll.*—Maintained and posted up to end of March 1914.

26. *Usual date of payment of salaries.*—Within the first week of every month at headquarters.

27. *Register of travelling allowance bills.*—Maintained. Complaints have been made to the Conservator that most of the subordinates have not received their travelling allowance for a year or more. The District Forest Officer is requested to look into this matter and see that the Range Officers submit the bills by the close of the month following that to which they relate.

28. *Cheque books.*—They are kept under lock and key with the District Forest Officer and written up by himself.

29. *Account current—Form No. 18.*—Maintained and posted up to date.

30. *Register of cheques—Form No. 19.*—Maintained.

(*a*) Names of Treasuries at which the accounts are opened.

Shimoga District Treasury.		Tirthahalli Taluk Treasury.	
Shimoga Taluk Treasury.		Sorab	do
Shikarpur	do	Sagar	do
Channagiri	do	Nagar	do

(*b*) *Last quarter to which the book (Form No. 18) has been balanced and signed.*—Up to the end of March 1914.

(*c*) *Date to which register of cheques is written up.*—18th April 1914.

(*d*) *Entries compared with cash book.*—Compared in detail from the date of last inspection and found correct.

31. *Contractors' and disbursers' ledger—Form No. 24.*—Maintained.

No. R. 5951—FT. 192-13-2, DATED 7TH JANUARY 1915.

32. *Monthly abstract of contractors' and disbursers' ledger—Form No. 25.*—Maintained. The statement annexed shows the outstandings against the several disbursers at the end of February 1914:—

No.	Name			Amount			Remarks
				Rs.	a.	p.	
1	P. Woothiah, Range Officer, Umblibyle ...	...	...	4,406	8	7	
2	B. V Narasimha Iyengar, Range Officer, Shimoga		...	14,710	4	9	
3	M. V Narasimhiah do	Chanmagiri	...	3,043	15	6	
4	B. Madhava Rao do	Shikarpur	...	10,165	3	2	
5	H. A. Govinda Rao do	Tirthahalli	...	2,810	6	2	
6	M. V. Venkatramiah do	Sorab	...	2,369	1	9	
7	T. Abdul Gafur, Koti Ranger, Shimoga ...		...	2,605	12	6	
8	K. Venkanna, late Depot Forester ...		...	62	6	10	
9	Mr. L. P Mascarenhas, S. D. O., Sagar ...		...	12	12	2	
10	A. V, Keshava Iyengar, R. O., Ayanur ...		...	4,293	6	4	
11	M. Shankaranarayanappa, R. O., Sagar ...		...	4,516	11	2	
12	T. Hari Rao, late Acting Accountant ...		...	4	6	8	
13	Joseph, Driver, Small Tractor ...	...	...	20	0	0	
14	M. Mumtaz Hussain, Accountant ...	...	...	19	0	9	
15	B. Narasimha Iyengar, R. O., Nagar ...	...	...	410	0	0	
		Total	...	49,470	0	4	

The District Forest Officer explains that the bulk of this large amount consists of current advances and are recoverable early. The old balance amounts to about Rs. 3,000, regarding which a detailed report must be submitted within a month.

33. *Schedule of remittances to Treasuries—Form No. 27.*—Copies received from the Treasury Officer are filed in the office. It is complained that they are received at irregular intervals and long after the due date. Thus, their usefulness is much impaired. It is trusted that the Deputy Commissioner will take steps to ensure their despatch by the 10th of each month at the latest.

34. *Objection statements.*—These are not returned promptly and statements for February, July and September 1913, are still pending.

35. *Register of disallowances, fines, etc.*—Maintained.

IV. OFFICE BUSINESS.

36. *Keeping of documents, cases.*—Maintained in open files.

37. *Register of books and maps—Form No. 34.*—Maintained.

38. *Register in Form No. 1 A, showing recoveries of rent for Forest Buildings (Residential Quarters.*—Maintained correctly.

39. *Registers of receipts and issues of correspondence—Forms Nos. 32 and 33.*—Written up to date.

40. *Destruction of useless documents.*—List has not been prepared.

41. *Neatness in keeping office.*—Fair.

42. *Punctuality in correspondence.*—Leaves somewhat to be desired. The number of pending papers is very large. Greater promptitude in the despatch of work is called for.

43. *Custody of stationery.*—With the office accountant. Registers have been maintained and posted up to date.

44. *Departmental Code.*—Kept corrected up to date.

45. *Forest Rules and Regulations.*—Corrected up to date.

46. *Register of forest offences—Form No. 35.*—Maintained. But the results of prosecutions have been omitted. Action taken for the recovery of composition fees seems to have been dilatory for, in no less than 67 cases extending over 5 years, they have yet to be recovered.

47. *Service Registers.*—Registers of the office staff, 6 Rangers, 5 Deputy Rangers and 3 Foresters were produced for inspection. They had been duly verified up to end of June 1913. The service registers of some subordinates transferred from other districts are not forthcoming. They must be sent for and duly verified.

48. *Service Regulations.*—Corrected up to date.

49. *State of Gazette files.*—Bound up to end of December 1913.

No. R. 5951—Ft. 192-13-2, dated 9th January 1915.

50. *Diaries of the District Forest Officer.*—Bound up to end of June 1913.

51. *Register of mature sandal trees removed from occupied lands.*—Not written up as it is stated that no trees were removed from private lands.

52. *Abstract statement showing the quantity of rough sandalwood and outturn of wood therefrom—Form No. 65.*—Maintained.

53. *Register of receipts and issues of assorted sandalwood—Form No. 66.*—Maintained.

54. *Lot roll showing the quantities of several classes of sandalwood to be exposed for auction sale—Form No. 67.*—Maintained.

PERSONNEL.

55. *General state of discipline.*—Fair.

57. *Efficiency of each member of the establishment.*—Good.

57. *Adequacy of establishment.*—Sufficient.

Letter No. 13396, dated 27th June 1914, from the Conservator of Forests in Mysore, submitting his report* of inspection of the Kadur District Forest Office, conducted by him on the 16th May 1914.

*Printed as Accompaniment.

Order No. R. 5950—Ft. 194-13-2, dated 9th January 1915.

Recorded.

2. Government regret to note that the report discloses yet another instance of slackness on the part of the District Forest Officers in the maintenance of accounts and registers. This state of things should not be tolerated any longer, and the Conservator of Forests should fix a time for the rectification of the defects noticed by him, and report the result to Government.

3. The outstandings both of revenue and advances are very heavy. Government trust that much of them has since been reduced including those against Mr. Gunda Setty.

No. R. 5950 Ft. 191-13-2, dated 9th January 1915.

INSPECTION REPORT OF THE KADUR DISTRICT FOREST OFFICE.

Date of inspection.—16th May 1914.

Date of previous inspection.—26th March 1912.

This office was inspected by the Conservator of Forests on 31st May 1913 and the remarks communicated to the District Forest Officer, but no report was submitted to Government.

Officer in charge.—Mr. M. Machaya, B.A., (Oxon), Assistant Conservator of Forests, since 11th April 1914.

Office building.—Accommodation absolutely inadequate *vide* remarks in previous reports. As the present building does not lend itself to being extended, I strongly recommend that a new building be erected near the Sandal Koti.

I. RECORDS.

Management and Working of Forests.

1. *Register of State Forests.*—Maintained.

2. *Maps of State Forests.*—Forest maps have been supplied for six State Forests. For the others, they are under preparation.

3. *Control Book.—Form No. 2.*—Posted up to 1911-12 only for the working circles in the Lakkavalli and Jagar Valley Ranges. For the year 1912-13 and for the remaining Ranges, it has yet to be written up.

4. *Register of yield and outturn—Form No. 2.*—Very incomplete.

5. *Record of works of improvement and reproduction.—Form No. 3.*—Written up in a very incorrect and unsatisfactory manner in spite of personal instructions and sample form furnished. All the registers must be re-written and the fact reported by the end of November next.

6. *Forest journal.*—Some attempt has been made to write up Part I of the journal, but Part II has not been written, and is in the same state in which it was found five years ago. There is no excuse for this since all the necessary statistics are available in the Annual Plan of operations and Annual Returns.

7. *Felling Registers—Form No. 3A.*—Copies of this register have not been received from the Range Officers nor their submission insisted upon although the omission had been pointed out and the District Forest Officer's special attention invited to the matter.

8. *Register of receipts and issues of timber and other produce—Form No. 6.*—Maintained only up to end of November 1913 and not for the subsequent months.

The discrepancies referred to in the previous Inspection Reports have not yet been reconciled although the services of a special Deputy Ranger were made available for this purpose. Attention is invited to para 8 of the Inspection Report for 1912. The District Forest Officer will explain in detail why he failed to pay personal attention to the matter as directed.

9. *Register of sales of timber and other produce cut and removed by Government Agency—Form 7.*—Maintained up to the end of March 1914, but as Form No. 6 is received at irregular intervals, it is rarely checked with Form No. 7; hence, discrepancies between the two forms have occurred. These must be reconciled.

10. *Register of sales of timber cut and collected and removed by consumers and purchasers—Form No. 9.*—Maintained and posted up to end of March 1914.

11. *Account of outstandings of revenue. Form No. 10.*—Maintained.

No. R. 5950—Ft. 194-13-2, dated 9th January 1915.

The subjoined statement shows particulars of outstandings :—

No.	Particulars	On what account	Amount	Remarks
			Rs. a. p.	
1	Current sale proceeds of timber sold in January 1914	Timber sale	2,327 2 1

3	Sale proceeds of sandalwood	Sandal sale	1,28,643 15 3	Includes the dues of Mr. H Gundu Shetty to the extent of Rs. 62,212-8 0.
4	Sale produce of M. F. P. for 1913-15 ...	Sale of M. F. P. ...	8,057 12 0	Recoverable by instalments up to January 1915.
5	Sale proceeds of Tangadi sold in September 1913	Sale of Tangadi ...	4,400 0 0	Recoverable by instalments up to January 1915. Notice served on the party for immediate payment.
6	Sale of bamboos	Bamboo sale ...	295 0 0	Recoverable before June 1914.
7	Grazing fees	Grass sale	228 0 0	Do
8	Executive Engineer, Kolar	Timber supply ...	16 11 3	Supply made in March 1914.
9	Abdul Aziz	Timber lost in carting...	65 5 8	Due since February 1913.
10	Railway Engineer-in-Chief	Sleeper supply ...	2,252 12 0	Book-transfer ; bill sent up.
11	Timber supply to purchasers on licenses ...	Timber supply under IIa	257 6 9	Recoverable before June 1914.
12	Elephant hire	Do ...	151 0 0	Do
13	Deputy Commissioner, Kadur District ...	Supply of Plague shed materials... ...	203 2 1	Due since 1907-08.
14	Amildar, Tarikere	Sale of M. F. P. ...	36 4 9	Due since 1908.
15	Do	Do ...	95 12 0	Do 1912-13.
	Total ...		1,57,381 0 7	

Prompt and energetic steps must be taken for the recovery of all outstandings before the close of June 1914.

12. *Register of Free grants—Form No. 11.*—Maintained, but not with full details.

13. *Receipt book—Form No. 13A.*—Kept up.

14. *Register of produce removed by right-holders.*—Register opened, but not posted.

II. STOCK.

Live and Dead-stock.

15. *Elephant returns and condition of elephants and cattle.*—Three elephants are now working in the district. The others are still in the Mysore District. A quarterly programme of work to be turned out has not been drawn up as directed in the previous Inspection Report.

16. *Register of stores, tools and plant.*—Maintained and posted up to date.

17. *Date of last complete stock-taking* :—

Jagar Valley Range office, 10th December 1913.
Koppa do 19th June 1913.
Mudgere do 19th May 1913.
Lakkavalli Valley Range office, 24th November 1913.
Chikmagalur Koti, 4th March 1914.

Timber, etc., in Depot.

18. *Date of last stock-taking* :—

Kodihalli Depot, February 1914.
Tarikere Depot, 7th November 1913.
Kadur Depot, 12th September 1912.

The stock-taking report of jungle depots have not been submitted even in a single case. This is unsatisfactory.

III. CASH ACCOUNTS.

19. *Cash book.*—Posted up to date.

(*a*) Entries for April and May 1914 were compared with vouchers and found to agree. Some vouchers are still due from Range Officers.

(*b*) Latest date to which headquarter entries have been made :—15th May 1914.

No. R. 5950—FT. 194-13-2, DATED 9TH JANUARY 1915.

(e) Latest date to which the subordinates' returns have been received and written up.—Up to the end of March 1914.

20. *Cash balance.*—Nil.

21. *Record of sanctioned works—Form No. 28.*—Maintained only up to the end of the last year, but not for the period since, on the ground that no printed register was available.

Particulars of works of which completion reports are due:—

1.	Forest Lodge at	Haruvanahalli.	Flooring of kitchen, stables	and well.
2.	Do	Kowlapur.	Do	do
3.	Do	Chikagrahar.	Do	do
4.	Do	Sukalhatti.	Do	do
5.	Do	Sâve.	Do kitchen and stables.	

6. Out-houses attached to the old District Forest Officer's quarters at Chikmagalur.
7. Kitchen and stables for the Lakvalli Range Officer's quarters.
8. Range Officer's quarters, stables, compound and well at Yedahalli.
9. Guards' barracks at Sukalhatti.
10. Combined quarters for foresters and guards at Hebbe.
11. Guards' barracks at Kesave.
12. Barracks for one forester and two guards at Lakvalli with fencing.
13. Do at Sangameswarapet.
14. Cooly shed at Sâve.
15. Do Lakvalli.
16. Do Sukalhatti.
17. Do Kodihalli.
18. Do Muthodi.
19. Well in the compound of Tarikere Sandal Koti.
20. Shed in the Kadur Depot.
21. Fencing round the Chikmagalur Koti.
22. Extension of the Lakvalli Range Office.

It is not creditable that the District Forest Officer who had plenty of time at his disposal should have delayed these reports.

22. *Register of permits and passports, etc.*—Not maintained. A register must be opened at once in the same form as Form B of license rules for all the prescribed registers.

23. *Register of license books.*—Forms B and C have been maintained up to date.

24. *Establishment pay bills.*—Maintained.

25. *Usual dates of payments of salaries.*—Within the first week of every month for the headquarter establishment.

26. *Travelling allowance bills.*—Submitted with fair punctuality.

27. *Cheque books.*—In the personal custody of the District Forest Officer and written up by himself.

28. *Account current—Form No. 18.*—Maintained and posted up to date.

29. *Last quarter to which account current has been balanced and signed.*—Quarter ending 31st March 1914.

30. *Date to which the register of cheques is written up.*—15th May 1914.

No. R. 5950 -Ft. 194-13-2, dated 9th January 1915.

31. *Names of treasuries at which separate accounts are opened:—*

Chikmagalur District Treasury.
Koppa Taluk Treasury.
Tarikere do
Mudgere do
Kudur do

32. *Contractors' and Disbursers' ledger—Form No. 24.*—Maintained. Checked with the cash books since February 1912 and found to agree except in the case of advance to camp clerk for whom no ledger has been maintained. The omission should be supplied early.

33. *Monthly abstract of the contractors' and disbursers' ledger—Form No. 25.*—Maintained up to end of March 1914. Found to agree with the previous register.

Particulars of balance at the end of March 1914 are:—

No.	Names	Amount	Remarks
		Rs. a. p.	
1	Victor Alvers, Range Officer, Jagar Valley.	6,105 9 2	
2	S. Venkatavaradiengar, Range Officer, Koppa.	8,847 13 2	
3	Mr. M. A. Varadachar, Range Officer, Mudgere.	3,863 4 1	
4	B. Gopaliah, Range Officer, Lakkavalli.	8,907 9 7	The R. O. has since left the Range. Prompt steps must be taken for the adjustment of the amount and a report submitted by the 15th July next.
5	B. Gundu Rao, Range Officer, Kadur	296 15 6	
6	Promothon Jonathon ...	10 0 0	Due since 1910 and the District Forest Officer (Mr. B. V. Ramiengar) is personally responsible for it.
7	District Forest Officer, Shimoga	116 7 5	Due from a period prior to 1903 in connection with sandal preparation. The correspondence on this subject must be submitted to the Conservator for orders.
8	Amildar, Chikmagalur ...	6 7 2	Due since 1907-08.
9	C. Hirianniah	3 4 6	To be recovered early.

Evidently, no attention has been paid to the remarks conveyed in para 28 of the previous report regarding adjustments of previous balances before fresh advances are made. The present District Forest Officer must take the needful steps for the adjustment or recovery in cash of all old balances and strictly adhere to Codal Rules and Standing Orders.

34. *Schedule of remittances—Form No. 27.*—The monthly schedules received from the Treasury Officer are checked and filed in the office.

35. *Objection statements.*—Objection statements for nine months are pending disposal. They must be disposed of early.

Register showing recoveries of disallowances, fines, etc.—Maintained in the old form, but not in the form issued in 1910.

IV. OFFICE BUSINESS.

37. *Keeping of documents.*—Records have been kept in open files.

38. *Register in Form No. 1A showing recoveries of rent for forest buildings (residential quarters).*—Maintained correctly up to date.

39. *Register of books and maps—Form No. 34.*—Maintained. The missing volume of Rice's *Mysore Gazetteer* has not been traced out. The two books borrowed by Mr. B. V. Ramiengar should be received back early.

40. *Register of receipts and issues of correspondence—Forms Nos. 32 and 33.*—Posted up to date.

No. R 5950 --Ft. 191-13-2, dated 9th January 1913.

41. *Destruction of useless documents.*—The District Forest Officer says that a special clerk is wanted for sorting the records and preparing the list. A reference will be made to Government in the matter.

42. *Neatness in keeping office.*—Fair.

43. *Punctuality in correspondence.*—Leaves greatly to be desired. Attention is invited to para 32 of the report for 1912.

44. *Custody of stationery.*—Kept in the custody of the 2nd clerk. Register of receipts and issues have been maintained and posted up to date.

45. *Departmental Code.*—Corrected up to date.

46. *Forest Rules and Regulations.*—Corrected up to date.

47. *Register of forest offences—Form No. 35.* - Maintained. Four cases had been omitted.

48 *Sandal damage register.*—Maintained. The following are cases pending disposal in the Revenue Department :—

	No.
For over 6 years	2
Do 5 years	4
Do 4 years	3
Do 3 years	2
Do 2 years	3
Do 1 year	1
Do for the current year	9
	21

49. *Acquittance roll.*—Maintained. Defects pointed out regarding the attestation of thumb marks must be set right.

50. *Service books.*—Attention is invited to para 37 of the previous report (1912). Systematic verification of each Service Register at the end of every year has been neglected. This irregularity should be set right early.

51. *Service Regulations.*—Corrected up to date.

52. *Gazette files.*—Bound up to end of December 1912.

53. *Diary files.*—Bound up to end of June 1911, and not since for want of a local binder. Those for the last two years must be got bound immediately.

54. *Register of mature sandal trees removed from occupied lands.*—Submission of Forms B and C from the Range Officers must be insisted upon and the trees received at the Koti inspected by the District Forest Officer.

55. *Copies of extracts from the register of sandal trees marked for felling in inam lands.*—Not maintained. The omission must be explained.

56. *License book for removal of sandalwood from the koti after weighment—Form No. 63.*—Reported to be kept in the District Treasury at Chikmagalur and Taluk Treasury at Tarikere.

57. *Abstract statement of quantity of rough sandalwood and outturn of wood therefrom—Form No. 65 and Register of issues of assorted sandalwood—Form No. 66.*—These forms have been got prepared at the Kotis and noted in abstract in the registers of the District Forest Officer. This is wrong. Attention is invited to Article 71 of the Forest Code according to which the District Forest Officer is required to compile these registers from the Range returns in Forms Nos. 57, 58, 60, 62 and 64.

PERSONNEL.

58. *General state of discipline.*—Fair.

59. *Efficiency of each member of the establishment.*—For a heavy district like this, the class of men recruited for the office staff must have great experience of forest office and accounts business. Men taken from the District Office take years to make themselves acquainted with their work. This defect cannot be remedied unless the recruitment is left in the hands of the Conservator who is in a position to pick the right men from the entire provincial staff.

No. 5856-9—Ft. 99-13-3, dated 7th January 1915.

(Accompaniment.)

Letter No. 3, dated Bangalore, the 31st July 1913, from C. Venkata Rao, Esq., B.A., Forest Settlement Officer in Mysore, to K. S. Doraswami Iyer, Esq., Revenue Commissioner in Mysore, through the Deputy Commissioner, Kadur District.

I have the honour to report on the conclusion of the settlement of the Balur Block in the Mudgere Taluk of the Kadur District.

2. The initial notification under Section 4 of the Mysore Forest Regulation proposing to constitute the area into a State Forest appeared on pages 195 and 196, Part I of the English issue of the *Mysore Gazette* dated 14th March 1907 and the proclamation under Section 5 of the said Regulation was issued by my predecessor Mr. M. Shama Rao and the same was published on pages 274 and 276 of the Kannada issue of the *Mysore Gazette*, Part II dated 3rd June 1907.

The proclamatory notices were got served on the villagers concerned through the Amildar of the Mudgere Taluk.

3. The locality was inspected and perambulated by me in company with the Sub-Assistant Conservator Mr. M. A. Varadachar on the 2nd and 5th April 1912.

4. During the enquiry, the undermentioned thirty-four claims were preferred to me:—

(i) Four claims to right of grazing.
(ii) Eight claims to right of way.
(iii) Twenty-two claims to miscellaneous rights.

All the claims in (i) and (ii) were admitted and sufficient extent of lands was excluded from the proposed reserve for grazing of the cattle of the raiyats concerned.

Of the twenty-two claims in (iii) eighteen were fully admitted, three partly admitted and one rejected.

5. The Deputy Commissioner has intimated in his docket No. 1120, dated 2nd—5th October 1912, that no appeals have been preferred to him against my decision relating to the settlement of the block in question.

6. The following records are herewith submitted:—

1. 'B' Register.
2. 'C' Register.
3. Sketch map.
4. Boundary notification.
5. Topo-tracing.

7. The date from which the reservation is to take effect may be inserted in the draft boundary notification.

1	Ramappagowda, patel of Durgadahalli.	1st April 1912.	States that if the line is confirmed, the raiyats will be put to inconvenience for want of pasturage for the cattle of dakhale villages of Thotadamane, Kodagigadde, Heddumay Kamana Kodagi, Kunjyala and Betigere which are scattered over the village lands, and begs that lands to the south and west of the tank known as Halepalajkere may be excluded from the reserve for grazing purposes.	.....	In this village I have no objection to the land situated to the north of the red line marked in the village map being set apart for the use of the village as it is entirely a bare hill and serves no useful forest purpose. The altered line will also obviate the difficulty and expense of the demarcation.	*1 and 2.* In the Durgada halli village, parts of gomal survey Nos. 61 and 66 to the extent of 510 acres have been proposed to be included within the reserve in question. The extent left for the use of the raiyats is 953 acres of gomal. This village contains 89 houses with a population of 473 persons and a stock of 603 head of horned cattle. The area of gomal remaining for the village is apparently more than enough. But considering the fact that it consists of no less than 5 dakhale villages detached from one another and that the village lands are interpersed with coffee cultivation, it seems necessary to provide pasture lands in the neighbourhood of the hamlets. Besides, most of the lands proposed from Durgadahalli for being included in the forest are tree-less plots containing good pasturage for the village cattle, and these are of no advantage to the Forest Department. I would accordingly exclude portions of survey Nos. 66 and 61 to the extent of about 300 acres from the reserve. I therefore, direct that the demarcation line be demarked at a point in the western boundary of the village about 54 chains north from the south-west corner of the village and run it eastwards through survey No 66 in a straight line for about 55 chains till it meets the south-west corner of survey No. 61, thence north-east for about 30 chains through survey No. 61 till it meets the junction of two bailus, then in the same direction for about 84 chains till it meets the gadi bandhs on the eastern boundary of the village at a point about 9 chains south-east from the southernmost corner of survey No. 78 and then along the eastern boundary of the village for about 27 chains. By this arrangement, an adequate area of pasture lands of about 362 acres in and around the famous historic old fort of	.....	.....
2	Manjappagowda, khatedar, survey No. 84 of Durgadahalli		States that survey No. 84 is included in the reserve and requests that it may be treated as an enclosure with sufficient margin for grazing purposes with access to it along the foot-path branching from the cart-track leading to Ballalarayendurga.	.....	As the alteration of the boundary line suggested above will exclude survey No. 84, no consideration of any concession seems necessary.		.....	.....

No. R. 5856-9—Ft. 99-13-4, dated 7th January 1915.

				Bathalpet endurge will be secured for the use of the village cattle, while it obviates no less than 4 curves in the forest boundary. Besides, it has the advantage of the forest boundary being shifted away from the two coffee estates (Survey Nos. 62 and 78) which at present include in addition to securing to the villagers the free use of two tanks which supply water to the village and village cattle. The modified line also excludes survey No. 81 which otherwise should have been treated as an enclave. C. VENKATA RAO, Forest Settlement Officer 3rd April 1912
Ramappagowda, patel of Halgadaka Coffee Estate	1st April 1912	Represents that the inmates of Hettagere (Dakkinke of Durgadahalli and Kanyala (also of the village of Durgadahalli) have been grazing their cattle in the Halgadaka Coffee Estate and that this right may be conceded to them	The grazing right as prayed for may be granted but with a limit to the number of cattle that may be allowed, as the hamlets concerned are very numerous, thus encroachment on forest area	Halgadaka Coffee Estate is bounded on the south east by the Hemavati river. As the preliminary demarcation line touches the edge of our latest survey No. 58 of Mudagadde, it has to be shifted further away. I decide that the line be demarked at the south west corner of the same survey number and made to run south east in a straight line for about 50 chains till it meets the east sides of survey No. 1 of Halgadaka Coffee Estate at the 4 chains situated at a distance of 31 chains north from the south east corner of the said village. As the inmates of Hettagere and Kanyala have been enjoying the harvest of grazing in the lands of the Halgadaka estate and as these hamlets are bounded on by a big hillock on one side and the coffee estate on another side preventing them from taking their cattle to the pasture lands of the Ash village of Durgadahalli, I concede to them the right of free grazing within the Halgadaka lands of Halgadaka coffee estate. Of course this concession will be limited to the present stock of cattle in the two hamlets (51 for Kanyala and 72 for Hettagere) mentioned above, during the prescribed season. Owing to the alteration in the preliminary demarcation line as ordered above, an extent of 10 acres will be excluded out of the area proposed for the reserve from this village. C. VENKATA RAO, Forest Settlement Officer 3rd April 1912

4	Venkatappagowda, patel of Mudagundi.	1st April 1912	States that the area now left for the use of the raiyats of the village is inadequate for grazing and other requirements, and prays therefore that 200 acres more may be excluded for their use.	.....	There is no objection to the tract of land situated to the north of the red line marked on the map of this village being excluded for the benefit of the raiyats.	The preliminary demarcation line runs at the edge of some cultivated lands in the village of Mudagundi Besides, it runs close to some dwelling houses. Thus, there is no alternative but to shift the line farther to the south. In consideration of the fact that this village has to contribute according to the proposal of the Forest Department no less than 4,370 acres consisting of the village khatab and gomal lands I would grant the prayer of the village patel to exclude 200 acres close to the village for the communal purposes of the raiyats concerned I accordingly, direct that the line be deviated at the common gadi bandhs of Mudagundi and Haligadaka Coffee Estate situated at a distance of 35 chains north from the south-west corner of Survey No. 17 and made to run south-east in a straight line for about 53 chains till it meets the halla in Survey No. 47 and then north-east in a straight line for about 36 chains through Survey Nos. 17 and 15 till it meets the northern boundary of the latter survey number at a point about 17 chains east from the south-east corner of Survey No. 40 and then east along the said boundary of Survey No. 15 for 74 chains in a straight line till it meets the eastern boundary of the village. 	Venkatappagowda, patel of Mudagundi.	1st April 1912	Represents that the preliminary demarcation line runs close to the Guttiamma temple in survey No. 43 and that the line may be shifted farther away as a jatra takes place there annually and on several occasions, people go there for making offerings	.....		5 The alteration of the demarcation line as ordered above excludes the temple in question, from the reserve. Venkatappa, patel of Mudagundi.	1st April 1912	Requests that survey Nos. 50, 51, 53 and 69 which are occupied lands included in the reserve may be treated as enclosures with sufficient extent of lands around them for grazing and other purposes.	.....	In treating occupied lands as enclosures a margin of 2 chains around each is found sufficient.	Survey Nos. 50, 51, 52, 53 and 69 will be formed into an enclosure having its boundary as follows:— It will begin at a point about 17 chains east from the north-east corner of survey No. 55 and run east along the north side of survey No. 54 for a distance of 21 chains, then south and south-west through survey No. 51 for 41 chains to a point about 5 chains east from the south-east corner of survey No. 52, then south-east for about 29 chains through the said survey No. 54 to a point about 5 chains east from the easternmost corner of survey No. 69, then south-west for about 18 chains to a point about 5 chains south from the south-east corner of survey No. 69, then west for about 13 chains to a point 5 chains south from the southernmost corner of the said survey number, thence north-west for about 27 chains to a point about 5 chains south from the south-west corner of the same survey number, then north-west for about 15 chains to a point about 5 chains west from the westernmost corner of the said survey number, then north for about 10 chains to a point about 5 chains west from the western corner of the same survey number, then north-east for about 12 chains till it meets the halla, then north for about 8 chains to a point about 5 chains north-west from the north-west corner of survey No. 69, then north-east for about 18 chains to a point about 5 chains north from the north-west corner of survey No. 52, then north in a straight line for about 23 chains till it meets the starting point. Right of way to the above enclosure will be along the foot-path shown in the village map and leading from survey No. 37 through survey Nos. 45, 49 and 55. C. 9	Veeragowda, khatedar of survey Nos. 42, 43, 33 and 34 in the Magur village.	1st April 1912	Represents that the preliminary demarcation line runs close to survey No. 34 where he has built a house, and survey Nos. 42, 43 and 36 and that the line may be shifted farther away, so as to give more lands for pasturage of the cattle between preliminary demarcation line and Horahatti halla	..	The representation made by this man against the present run of the line appears to me reasonable. In order to obviate inconvenience caused thereby, and in view of affording a little more area for pasturage, I am of opinion that a reasonable area may be left out, having regard to simplification of demarcation work.	The extent proposed for being included in the forest out of Magur is 500 acres of gomal and 24 acres. 88 guntas of kharab, leaving for the communal purposes of the villagers 1,397 acres of gomal. According to the latest Khanesmari accounts the village owns 439 head of horned cattle. The above extent of gomal left for the pasturage is more than what is required. The line requires some modification as it runs close to some cultivated lands and also some dwelling houses, I would like to leave a margin of about 10 chains from them. I accordingly direct that it be deviated at the easternmost bend of survey No. 45 and be made to run south-west along the Balur gadi for about 11 chains, then due west through survey No. 45 for 84 chains in a straight line so as to meet the western boundary of the village at a point about 60 chains north from the south-west corner of the village and then north for about 27 chains along the western boundary of the village. Right of way to the foot-path leading to Biderthale from Horehatti in survey No. 34 and passing through survey No. 45 along the Biderthale halla and through survey No. 44 will be admitted for men and cattle throughout the year, as also its continuation through survey No. 54 of Mudagundi. 11	Hutchegowda, patel-gumasta of Balur.	30th Mar. 1912	States that he has no objection to the inclusion within the reserve his village lands, beyond the iron girder bridge where a toll-gate is established.	...	... ..	194 acres of gomal and 51 acres and 32 guntas of khanab lands, out of the village of Balur are proposed for being included in the reserve Deducting this extent, there will remain 2.740 acres of gomal for the grazing of 1,011 head of horned cattle. This is more than ample But, the preliminary demarcation requires alteration near survey No. 173 (coffee estate) in the possession of L. Arnha.	.....	.....
12	L. Arnha, lessee of the coffee estate (survey Nos. 173 and 219) of Balur.	5th April 1912	Represents that the preliminary demarcation line touches the survey No. 173 and divides the adjoining survey No. 220 on which his cattle depend for pasturage, and that the line may be so deviated as to exclude survey No. 220 out of the reserve.	...	. . .	Besides, it unequally cuts the adjoining survey No. 220 on which the cattle of the coffee estate depend for pasturage. I decide that it be deviated at the south-east corner of survey No. 169 and made to run along the Mangalore high road for about 17 chains and then along the south side of survey No. 220 so as to exclude this survey number altogether. With this modification, the forest boundary line in Balur will be confirmed C. VENKATA RAO, Forest Settlement Officer. 5th April 1912.

14	Somegowda, patel of Attigere	4th April 1912	States that there is no objection to the lands being taken up for the reserve provided that sufficient area for grazing and for the exercise of other rights such as removal of soppu for manure, and fuel for house-hold purposes is excluded from the reserve.	..	The line may be shifted a little further so as to give the raiyats some more grazing lands.	Owing to the vastness of the village achakat the lands are plotted on two maps. According to the proposal of the Forest Department, the whole of the land shown in the village map No. 2 has to be included in the reserve, even after deducting this extent, there remains 904 acres of gomal for grazing and other purposes of the raiyats concerned But, as the dakhale villages of Dyavangur and Chekode are situated at a distance from the common pasture lands referred to above the patel represents that the lands to the south of the Aiyanur halla may be excluded for their benefit. I am of opinion that this request is rather extravagant. I would exclude about 18 acres out of the lands situated to the south of the said halla. I accordingly direct that the demarcation line running from the botte	. ...	.....

As the area of gomal land left for the use of the village after proposing the area for the reservation out of this village lands, appears to me to be more than it needs, the line may be confirmed treating the cultivated lands as enclosures with a boundary line.	A very large extent of land belonging to this village, measuring 1,062 acres has been proposed to be included in the Balur block. Arithmetically the extent remaining for the village seems quite adequate. But as the village is all hilly the hamlets in the south near which the preliminary demarcation runs have to be provided with sufficient pasture lands for cattle. Besides, the raiyats of both cannot cross the Doddahilla during the rainy season and take their cattle to the pasture lands situated on the other side. This necessitates the shifting of the line	.....

21	Joganagowda, patel of Kogila.	4th Apl. 1912	States that as the preliminary demarcation line touches some cultivated lands and hamlets it may be shifted farther away to wate halla boundary with a view to leave some more lands for communal purposes of the raiyats.	.....	As the village has got over 1,600 acres of gomal land for 142 head of cattle, there seems no necessity for leaving out more area for communal purposes. A margin 5 chains from the edge of cultivation will be left while cutting the final demarcation line.	The area remaining for the use of the raiyats and their cattle is about 1,608 acres of gomal, and this is more than necessary for the grazing of 142 head of cattle. But as the line passes through the occupied land bearing survey No. 104 which has not been proposed to be acquired, it requires to be shifted from there as well as from survey Nos. 9 and 93 which it touches. The line running close to the dwelling houses in the hamlets of Kodadahadlu and Mundugodu Kotige on the west side of survey No. 5 also requires shifting with a view to more grounds in the village vicinity being set apart for grazing and other requirements of the raiyats concerned. I accordingly direct that it be shifted from the north-west corner of survey No. 5 to the north-west corner of the village and be made to run along the eastern boundary of the Kogile Baremale Estate for a distance of 64 chains up to the 7th bend of survey No. 112 of Kogile village near the wate halla, then south-east in a straight line for 158 chains through survey Nos. 112, 98 and 100 to a point about 18 chains west from the north-west corner of survey No. 90 and thence south-west in a straight line through survey No. 100 for about 63 chains till it meets the south-east corner of survey No. 97. 88	Byregowda, patel of Urbage	7th April 1912	States that at the preliminary demarcation line runs at the edge of cultivation among the bearing survey Nos 231 349 and 350 the same may be shifted further away i e, to the edge of the west side of cultivated survey No 231		The difficulties represented by the patel of this village are not known and that he has no objection to obviate them by taken, the line as I laid out by him in the map	(6) Right of way to survey Nos 247 and 216 will be by the foot-path leading from survey No, 139 through survey No 212 (7) Right of way to survey Nos 211 244 and 245 will be along the foot-path leading from survey No 199 through survey No 212 C VENKATA RAO Forest Settlement Officer 10th April 1912	It is proposed to include 169 acres 04 guntas of kharab and 2 161 acres 39 guntas of land belonging to Urbage village within the reserve The area remaining for communal purposes of the inhabitants would be more than adequate As the preliminary demarcation line abuts on some of the cultivated lands it is necessary to shift the line in the locality where it touches them Accordingly direct that it be deviated at the southernmost corner of survey No 360 and be made to run south west to a straight line for 68 chains touching the northernmost corner of survey No 369 and thence along the south side of survey No 211 up to the north west corner of survey No 190 thence along the west sides of survey Nos 190 and 341 then along the south sides of the latter survey number and survey Nos 342 and 228 of Urbage village. C VENKATA RAO Forest Settlement Officer 10th April 1912
89	Byregowda, patel of Urbage	7th April 1912	Requests that right of way may be allowed to all the survey Nos included with in the Reserve.			The following survey numbers will be treated as enclosures in the block — Survey Nos 189 191, 347 and 348, 189, 190 341, 342 and 372 C VENKATA RAO Forest Settlement Officer 10th April 1912	Access to survey Nos 345 362 and 372 will be along the demarcation line on the south side of survey No 192 Access to the block comprising survey Nos 316 347 348 189 and 191, will be along the foot path branching from the above demar-

						cation line. Access to survey No. 187 will be from the foot-path leading from the above enclosure. From there the pathway leading to survey Nos. 350, 351 and 352 will be through survey No. 188. Right of way to the same from the Gutti village will be along the foot-path branching from the Kangayadahalla through survey No. 186. C. VENKATA RAO, Forest Settlement Officer. 7th April 1912.		
30	Byregowda, patel of Byrapur.	7th April 1912	States that the preliminary demarcation line runs close to the village and consequently much of the pasture lands have been included in the reserve, and prays therefore that the line may be shifted as far as the Seesal gudda so that all the lands on the village site may be available for grazing purposes.	.....	.....	The deviation in the boundary line within the limits of Urbage involves the modification of the line in the Byrapur village. As the preliminary demarcation line runs close to Survey No. 100 where there is a temple as also a house and touches some cultivated lands, it requires to be altered in this locality also. I therefore direct that the preliminary demarcation line be shifted farther away westward by about 13 chains to the north-west corner of survey No. 41 of Byrapur and be made to run along the west side of that survey number to its south-west corner, then west along the south side of survey No. 90 for about 26 chains, then south-west for about 26 chains till it meets the confluence of two hallas at a point about 7 chains west from the north-west corner of survey No. 92, then in the same direction for about 46 chains till it meets the north side of survey No. 96 at a point about 20 chains west from the southernmost corner of survey No. 91 and then east for about 6 chains. C. VENKATA RAO, Forest Settlement Officer. 7th April 1912.	.....	

	Forest Settlement Officer.	Do ...	Survey No. 153 of Bairapur may be treated as an enclosure with access to it.	.....	.....	Survey No. 153 will be treated as an enclosure with access to it along the foot-path leading from Uibage *via* Survey Nos. 41 and 90. C. VENKATA RAO, Forest Settlement Officer. 7th April 1912.	.....
82	Byregowda, patel of Byrapur.	Do ...	States that the raiyats have been from time immemorial obtaining supply of canes in the valley in survey No. 91 known as Jargalmalay for agricultural purposes at 4 to 8 head-loads for each family, 18 head-loads of cane for the Rameswara temple at Devarrinda village, 6 head-loads of the same for Subramanyeswara temple at Gonibidu Agrahar and 12 head loads of the same for the Channakeswara Swami temple at Belur and requests that this right may be recognized.	.....	A limit regarding the right to use the cane may be fixed in order to prevent any abuse of the concession. This right may be recognized.	The following concession will be admitted in the block:— (*a*) Each family in Byrapur will be allowed to remove annually 4 head loads of cane from the valley known as Jargalmale in survey No. 91 of the Byrapur village. The villagers are also entitled to remove annually 18 head-loads of cane therefrom for the Rameswara temple at Devarrinda village, 6 head-loads of the same for the Subramaneswara temple at Gonibidu Agrahar, and 12 head-loads of the same for the Channakeswaraswami temple at Belur. C. VENKATA RAO, Forest Settlement Officer. 7th April 1913.	.....
83	Byregowda, patel of Byrapur	7th April 1912	Requests that right of way to the foot-path leading to the South Canara frontier through survey Nos. 91, 96, 87, 88 and 147 may be admitted.	.....		Right of way to the foot-path leading from the village to the South Canara frontier *via* survey Nos. 91, 96, 87, 88 and 117 will be admitted for men and cattle throughout the year. Width to be 6 feet. C. VENKATA RAO, Forest Settlement Officer. 7th April 1912.	.....
		Mudarahalli					
84	Ascertained by the Forest Settlement Officer.	7th April 1912	The small area proposed from this village may be excluded from the reserve.	.....	Do	Only about 15 acres are proposed to be included in the reserve As the preliminary demarcation line touches the cultivated land survey No. 1, it has to be shifted away from it reducing the proposed extent by 5 acres. Besides, the alteration in the boundary line of the forest in the Uibage village will make the line in the Mudarvalli village crooked I would therefore exclude the small strip of 10 acres altogether from the reserve. C. VENKATA RAO, Forest Settlement Officer. 7th April 1912.	.....

Exd.—C. R.

NO R. 6353-6—FT. 96-13-4, DATED 25TH JANUARY 1915.

From C. Venkata Rao, Esq., B.A., Forest Settlement Officer in Mysore, to K. S. Dorasawmi Iyer, Esq., Revenue Commissioner in Mysore, through the Deputy Commissioner, Kolar District.

I have the honor to report on the conclusion of the settlement of the Gokunte-Gollahalli Block in the Mulbagal Taluk of the Kolar District.

2. The initial notification under Section 4 of the Mysore Forest Regulation, proposing to constitute the area into a State forest appeared on pages 153 and 154, Part I of the English issue of the *Mysore Gazette*, dated 3rd March 1910, and the proclamatory notice under Section 5 of the said Regulation was issued by me and the same was published on pages 181, 182, 183 and 184, Part II of the Kannada issue of the *Mysore Gazette*, dated the 31st March 1910. The Proclamatory notices were got served on the villagers concerned through the Amildar of the Mulbagal Taluk.

3. The tract was inspected and perambulated by me in company with the District Forest Officer of the Kolar District and the Taluk Amildar on the 21st and 22nd June 1911. It consists of mere scrub and at best it can be converted under rigid protection only to a fuel preserve. No doubt a large extent of kharab and gomal lands still remains for grazing purposes of the villages affected by the proposed Reserve. As the rainfall in the locality is poor and as the soil is gravelly and shallow, the yield of grass is scanty. Hence it was found necessary to greatly relax the rule prescribing the limit of 30 acres for the pasturage of every 100 head of cattle and to exclude adequate extent of lands out of the proposed area for meeting the raiyats' requirements.

4. During my enquiry the undermentioned 32 claims were preferred:—

(i) Five claims to right of grazing.
(ii) Nine claims to right of way.
(iii) One claim to right of water.
(iv) Seventeen claims to Miscellaneous rights.

The claims in (i) were partly admitted and some lands excluded out of those proposed for the forest, while those in (ii) and (iii) were fully admitted. Of the seventeen claims in (iv) fourteen were admitted and three rejected.

5. The Deputy Commissioner's decision in appeal was communicated to me with his letter No. 55, dated 29th September 1912, and the same has been noted in the prescribed column in the 'B' Register.

6. The following records are herewith submitted:—

(i) 'B' Register.
(ii) 'C' Register.
(iii) Sketch map.
(iv) Boundary notification.
(v) Topo tracing.

7. The date from which the reservation is to take effect may be inserted in the draft boundary notification.

1	Munisamy, patel of Nachahalli	22nd June 1911	States that the preliminary demarcation line touches the edge of cultivation and requests that it may be shifted farther away	..	The line may be shifted half a furlong from the edge of cultivation	1, 2 and 3 Twelve acres of land in Survey No 163 and an equal extent in Survey No 161 are reported to have been ordered to be given out for cultivation The preliminary demarcation line touches some of the cultivated lands in the village and it is necessary to shift it farther away I would therefore alter the line within the limits of this village so as to satisfy the requirements of the ryots concerned as far as possible It will accordingly be shifted from the south west corner bandhs of Survey No 163 to a distance of 16 chains, *i e*, to the common bandhs of survey Nos 163 and 162 and then made to run due north along the eastern boundary of the former survey number to its north east corner, then north east through survey No 163 as far as the halla which enters survey No 196 in its south west corner, for a distance of 27 chains, and then in the same direction through the said survey number and survey Nos 180, 161 and 119 as far as the south east corner of survey No 122 for a distance of 12½ chains C VENKATA RAO, Forest Settlement Officer 23rd June 1911	The decision of the Forest Settlement Officer is upheld P F BOWRING, Offg Dy Comr Kolar 23rd Sept 1912

5	Venkatarama Gowda, patel of Kaggal natha	22nd June 1911	Requests that the preliminary demarcation line may be shifted farther away so that survey No 10 is excluded from the reserve	Cannot be done	As the cattle of the villages of Gudipalli and Kaggalnatha also depend upon the gomal lands of Kaggalnatha it is found necessary to exclude gomal survey No 2 altogether	The Forest Settlement Officer's decision is approved with right of way through survey No 10 throughout the year to survey No 2
6	Do	Do	Represents that the cattle of Gudipalli and Kodihalli have been grazing in his village lands paying halbanni fees and prays that this right may be recognized	About 70 acres in survey No 10 may be excluded from the Forest for the requirements of this village as well as Kodihalli and Gudipalli villages	But the rayats of Kaggalnatha pray that survey No 10 (kharab) may be excluded from the reserve I reject this claim as gomal survey No 2 which has been ordered to be excluded will very well serve the purpose of the rayats of Kaggalnatha also The line will accordingly be deviated at the north west corner of survey No 9 and made to follow the northern, western and southern boundaries of survey No 2 as far as the north west corner of survey No 16 of the Nagenhalli village Channakuntanahalli falls outside the settled line C VENKATA RAO Forest Settlement Officer 23rd June 1911	P F BOWRING Offg Deputy Comr Kolar District 23rd September 1912

10	Munegowda, patel of Nagenahalli.	22nd June 1911	Requests that the preliminary demarcation line may be shifted from its present position so as to exclude more lands for the village cattle	.....	I am not in favour of any lands being excluded from the present reserve	About 100 acres of gomal land has to be provided for in the case of the raiyats of this village. I accordingly direct that the line be shifted farther to the west to a distance of 13 chains that is to the north-east corner of survey No. 14 and made to run along the western boundary of the said survey number to the north-west corner of survey No. 12 and then along its western boundary to its south-west corner. C. VENKATA RAO, Forest Settlement Officer. 23rd June 1911.	The villagers represent that survey No. 12 is nothing but stones and red earth and there is never any grazing on it. Survey No. 14 may therefore be excluded as well as survey No. 12. P. F. BOWRING, Offg. Deputy Comr., Kolar District. 23rd June 1912.	
11	Do ..	Do ...	States that there is a *kunta* in survey No. 13 to the north of Kalkere footpath and begs that this may be treated as an enclosure with access to it.	.....	As the village is provided with a tank and a katte which contain good supply of water, there is no necessity to allow any right of way to the kattes in the reserve as they are out of order.	(11) Kunnagalkunta will be treated as an enclosure with a camping ground of 2 chains all round for the use of the village cattle. Access to it will be along a footpath branching from the foot-path leading to Kalkere from Nagenahalli. C. VENKATA RAO, Forest Settlement Officer. 23rd June 1911.	.....	
12	Do ...	Do ..	Claims right of way over the foot-path leading to Kalkere and (2) to the cart-track leading to Kaggalnatha *via* survey No. 13.	.....	The right of way may be admitted	Right of way to the foot-path leading to Kalkere passing through survey No. 13 of Nagenahalli and 1 of Kaggalnatha for men and cattle will be admitted throughout the year: Width to be 6 feet. Right of way to the cart-track leading to Kaggalnatha passing through survey No 13 and meeting the western boundary of the village for men, cattle and carts will be admitted throughout the year. Width to be 15 feet. C. VENKATA RAO, Forest Settlement Officer. 23rd June 1911.	.....	

13	Venkataramana Naik, patel of Kunnibanda.	22nd June 1911	States if the preliminary demarcation line is confirmed the villagers will be put to difficulty for want of pasture lands as a large area of gomal land will be included within the reserve, and therefore requests that adequate gomal lands may be left for the use of the village cattle	.....	Ample grazing grounds have been left for the village requirements and it is therefore necessary that the lands proposed should be retained for the proposed forest	The preliminary demarcation line will be shifted farther to the west by 20 chains and then made to run southwards through survey No. 63 for a distance of 62 chains to a point about 4 chains west from the south-west corner of survey No. 62 (tank), then in the same direction for a distance of 21 chains to the southern boundary of the village to a point about 9 chains from the North-east corner of survey No. 94 of Kondathimmanahalli, and then south-east along the southern boundary of survey No. 63 of Kunnibanda to the south-east corner of survey No. 25. C. VENKATA RAO, Forest Settlement Officer. 23rd June 1911.	The Forest Settlement Officer's decision is upheld. The raiyats of the village to have the right to clear and keep in order the feeder channel to tank survey No 62. P F. BOWRING, Offg. Deputy Commissioner, Kolar District. 23rd Sept. 1912.
14	Do	Do	States that there is a kunta just touching the preliminary demarcation line known as Dasarakunta in survey No. 63, which serves as a feeder to tank bearing survey No. 62 and another kunta known as Raghunatha kunta in survey No. 63 Begs that the right to repair them every year may be given to the villagers	.....	It is not likely that any of the kattes mentioned here will be taken up by the raiyats for repairs as they have been in bad condition since 10 years The raiyats simply want to create a burden of rights. I am not in favour of allowing these kattes for repairs as the people have two good tanks and one katte which contain a good supply of water almost all the year round.	I reject the claim to the Vaddu known as Raghunatha kunta as there are tanks and kattes scattered over the kharab lands and as there is no objection to the cattle being taken to the said kunta when they are allowed to graze within the reserve. Dasarakunte falls outside the settled line. C. VENKATA RAO, Forest Settlement Officer. 23rd June 1911.	.....
15	Do	Do	Claims right of way to the cart-track and foot-path leading to Kalkere.	.....	May be recognized	Right of way to the cart-track (15 feet wide) for men, cattle and carts, and to the foot-path (6 feet wide) for men and cattle leading to Kalkere and shown in the village map will be admitted throughout the year. C. VENKATA RAO, Forest Settlement Officer. 23rd June 1911.	..
16	.....	...	...	.....	.....	The line as laid down within the limits of Bahasandra is hereby confirmed, as the raiyats have no objection to include the lands proposed for the reserve. C VENKATA RAO, Forest Settlement Officer. 23rd June 1911.	.....

16	Venkatramagowda, patel of Kondathimmanahalli.	22nd June 1911	Represents that there is no objection to the preliminary demarcation line being confirmed if Obleswara temple at the common bandhs of Kalkere and his village be treated as an enclosure with access to it	.....	The temple may be treated as an enclosure, if it cannot conveniently be excluded from the reserve.	The line will be deviated at a point five chains north from the north-east corner bandhs of survey No. 69 (tank) and then taken westwards through Survey No. 70 till it meets the hotte bandhs of Survey No. 9 of Vammasandra village. C. VENKATA RAO, Forest Settlement Officer. 23rd June 1911. The temple of Obleswara situated between the borders of Kondathimmanahalli and Kalkere will be demarcated out free from reservation as well as the hillock on which it is situated. Access will be along the boundary line throughout the year. C. VENKATA RAO, Forest Settlement Officer. 23rd June 1911.		
17	Munivenkatappa, patel of Kalkere.	Do ...	Begs that more lands may be excluded for the benefit of the village cattle and states there is demand for lands for cultivation also.	.....	The raiyats have ample grazing ground and no land need be excluded. The raiyats have 370 acres of banjar lands which they even cannot afford to take up for cultivation.	The northern line within the limits of this village will be shifted to a point 25 chains north from the north-east corner of survey No. 13 and made to run westwards so as to meet the hotte bandhs of survey No. 36 of Harpanaikanhalli. C. VENKATA RAO, Forest Settlement Officer. 23rd June 1911.	"Forest Settlement Officer's decision is upheld." P. F. BOWRING, Offg. Deputy Comr., Kolar District. 23rd September 1912.	
18	Do ...	Do ...	Requests that the Virupakshi kunta, Peddamayanakunta, and Pathakunta in survey No. 111 may be excluded from the reserve.	.....	There are two tanks in the village which hold water for a greater part of the year. When water fails in them, and exists in the kattes referred to herein, the raiyats will be allowed the use of water in them.	These kuntas will be excluded by the alteration of the forest boundary. C. VENKATA RAO, Forest Settlement Officer. 23rd June 1911.		

19	Munivenkatappa, patel of Kalkere.	22nd June 1911	Represents that the line runs close to the temple of Obleswara and requests that it may be shifted farther as the raiyats go there for offering puja.	.....	The temple is just on the line. The line may be so shifted as to exclude the temple altogether from it.	Order (*vide* claim 15).	
						(20 and 21).	
20	Do ...	Do ...	Claims right of way over the following path-ways.	... ..	Right of way may be admitted.	Right of way over the following path-ways will be admitted throughout the year.	
21	Ascertained by the Forest Settlement Officer.	Do ..	Foot-path leading to Kunnibanda. (i) Cart-track to Harapanaikanhalli. (ii) Foot-path to Ramasandra.	... .	.. .	(i) Foot-path leading to Kunni banda, for men and cattle, width to be six feet. (ii) Cart-track to Harpanaikanhalli, for men, cattle and carts width to be 15 feet. (iii) Foot path to Ramasandra for men and cattle, width to be six feet. C. VENKATA RAO, Forest Settlement Officer. 23rd June 1911.	
						(22 and 23).	
22	Venkategowda, patel of Vammasandra.	21st June 1911	Represents that the gomal land left after reservation of the tract in question is insufficient for the cattle, that a portion of survey No. 98 (kharab) may be assigned as gomal in lieu of the land taken for the forest, and that the preliminary demarcation line abutting on Neeraganti inamthu and village tank may be shifted farther away.	.....	May be done.	The gomal area remaining for the use of the cattle of this village is quite insufficient, and the preliminary demarcation line touches some of the cultivated lands and the village tank. I would accordingly shift the western line in this village to a point twenty-one chains north from the north-west corner of Survey No 50 of Kondathimmanahalli and run it north-west through Survey No. 9 of Vammasandra so as to meet the hotte-bandhs of Survey No 36 of Harpanaikanhalli.	"The Forest Settlement Officer's decision is upheld." P F. BOWRING. Offg. Deputy Comr., Kolar District. 23rd September 1912.
23	Venkategowda, patel of Vammasandra.	21st June 1911	States that the raiyats also cultivate survey Nos. 50 and 51, etc., of Kondathimmanahalli village, and prays that a right of way to the said fields may be given.	... .	The line may be shifted and thrown back 2 chains, so that the raiyats may conveniently go to survey Nos. 50 and 51	By this arrangement the village will have in all about 173 acres of gomal land for the use of 159 head of cattle. It will also obviate all difficulties in the case of Harapanaikanhalli raiyats taking their village cattle to the gomal lands of that village even when the village tank discharges over its kodi. C. VENKATA RAO, Forest Settlement Officer. 23rd September 1912.	... ..
24	Venkategowda, patel of Vammasandra.	Do .	Represents that there is a kunte or valve constructed by him, close to the gadi bandhs of his village and those of Kalkere and Kondathimmanahalli and prays that right of way to a cart-track leading to it may be admitted.	. ..	The cart-track leading to Kalkere may also be used as a cattle track to valve referred to near the gadi bandhs of Kalkere, Kondathimmanahalli and Vammasandra	The right of way to the cart-track from the tank, through survey No. 9 leading to Munegowdankunte for men, cattle and carts will be admitted throughout the year. Width to be 15 feet. Munegowdankunte situated close to the hotte bandhs between Kalkere and Vammasandra will be treated as an enclosure for the use of the cattle. Access to it will be by means of the above cart-track. C. VENKATA RAO, Forest Settlement Officer. 23rd June 1911.

25	Sonnegowda, patel of Harapanalkanhalli.	21st June 1911	States that more lands have been included in the reserve and that during rainy season his village tank discharges over the kodi and the villagers find it difficult to go to their lands as the way lies within the portion of the lands of Vammasandra village included within the reserve and prays that some lands to the east of survey Nos. 5, 6, 7 and 8 of Vammasandra may be excluded.	.....	Only a small extent has been added to make the line straight as it did not inconvenience the raiyats in any way. There are other places through which the cattle can conveniently go to their gomal lands. The discharge of water over the waste weir is only temporary and does not continue more than a week in the year. However as the line has to be thrown back by 2 chains as per remarks made for Vammasandra the inconvenience mentioned by the patel disappears.	No modifications need be made in the line as far as the village is concerned. C. VENKATA RAO, Forest Settlement Officer. 23rd June 1911. (25 and 27)		
26	Chowde gowda, patel of Gollahalli.	Do	States that there would be much inconvenience caused to the raiyats for want of pasture lands, if the line is confirmed, at prays that survey No. 79 may be excluded from the reserve.	.....	I am not in favour of excluding any portion of land taken up for the forest, as the survey numbers taken up are all kharab lands. The raiyats have ample grazing grounds for their requirements.	This is a prosperous village and almost all the kharab lands of it have been proposed to be included in the reserve. It is urged that in view of future agricultural expansion. the tank bearing survey No. 76 may be excluded so that the lands below it may be brought under cultivation. There is already an applicant for the same. On account of a few trees standing on the tank bund and in the bed. of the tank, the District Forest Officer wants its inclusion within the forest. Without the tank it is not possible to cultivate the lands situated below it. Besides, its exclusion can in no way retard the growth of the trees as even after the tank is repaired by private individuals, it will still continue to be the property of Government. I therefore order its exclusion from the Reserve. The preliminary demarcation line will be deviated at the north-east corner bandhs of Survey No. 43 and made to run westwards through Survey Nos. 78 and 79 so	"The Forest Settlement Officer's decision is confirmed." P. F. BOWRING, Offg. Deputy Comr., Kolar District. 22nd September 1912.	...
27	Do ...	.....	States that a raiyat has applied for cultivation for lands under the Baralkere (survey No. 76) and prays that the said tank may be excluded from the reserve.	.....	The tank is out of order for over forty years and the lands below it are fallow from the same period so, I am not in favour of the tank being excluded from the proposed area.

					as to meet the western boundary of the village at a point about 45 chains north from the south west corner of survey No 79 This alteration will give the villagers an extent of 366 acres more for the pasturage of their cattle C VENKATA RAO, Forest Settlement Officer 23rd June 1911
28	Do	Do	Requests that the katte known as Koriachappa kunte may be excluded from the reserve as the cattle go there for drinking water	The small katte referred to holds water for a short period The village has a big tank which always contains water Hence no necessity to allow cattle to the katte A right of way may be allowed to Koriachappa kunte from the cart-track leading to Mulbagal	(28) Koriachappa kunte in Survey No 78 and Sonnappa kunte in Survey No 79 will be treated as enclosures for the use of the cattle Access to the former will be by means of cart track from Mulbagal to Gollahalli and to the latter along the demarcation line and a foot path branching therefrom Right of way to be exercised throughout the year C VENKATA RAO Forest Settlement Officer 23rd June 1911
29	Chowdagowda patel of Gollahalli,	22nd June 1911	Claims right of way over the cart-track leading from Mulbagal to Gokunte		Right of way to the cart track (5 feet wide) leading from Mulbagal to Golkunte through Survey No 78 for men cattle and carts will be admitted throughout the year C VENKATA RAO Forest Settlement Officer 23rd June 1911
9	Lakshmanaika, patel of Gokunte	Do	Represents that there is much demand for agricultural lands and prays for the exclusion of a portion of Survey No 102 now proposed for the forest as also the adjoining lands of Gollahalli village to the extent of about 70 acres	Only a small area of 64 acres and 36 guntas has been taken up for the forest leaving to the villagers 169 acres of kharab and 211 acres of gouda So the whole area proposed cannot be excluded	(30 and 31) As some of the Christian convert of the Gokunte village are in need of agricultural lands and as there is hardly an extent of waste in the neighbourhood for cultivation I would exclude a portion of lands in the north west corner of survey No 47 of Gollahalli and also a portion of Survey No 102 of this village to an aggregate extent of about 71 acres I accordingly direct the shifting of the proposed demarcation line to a distance of 17 chains south-west from the south west corner of the Nichikunte village Then it will run south for about 17 chains along the western boundary of survey No 7, then east for a distance of about 25 chains then due north for about 23 chains so as to meet the southern boundary of Survey
31	Do	Do	States, that there is a kunta known as Kadirappa kunta and prays it may be excluded for the use of the village cattle	About 20 acres in Survey No 102 of this village and 10 acres in Survey No 161 of Nichikunte may be given over to Gokunte for cultivation dividing the line in the way required The land which the people ask for cultivation is in the heart of the forest If any part of this land is given over to the ryots treating it as mere enclosure it

GENERAL AND REVENUE SECRETARIAT.

Circular Order No. Fl. 2889-937—S. & A. 223-14-1, dated 4th January 1915.

It has been brought to the notice of Government that at present considerable delay occurs in the preparation and passing of travelling allowance bills causing inconvenience to officers entitled to receive the money due. The delay is chiefly found to occur in the preparing and countersigning officers. Government are therefore pleased to direct that such bills, especially those relating to subordinate officers, should be prepared and passed through in all their stages as expeditiously as practicable, and that when they are delayed in either the preparing or countersigning office more than a month, a note of explanation for the delay should be added on the bills before they are transmitted to the Comptroller.

By Order,

Letter No. 1959—202, dated 1st—14th November 1914, from the Inspector-General of Police i Mysore, submitting with his observations the 8th Annual Report on the working of the Mysore Mine Regulation, 1906, during the official year 1913-14.

Letter No. 1959—202, dated Bangalore, 1st—14th November 1914, from Diwan Bahadur C. Srikanteswara Aiyar, B.A., B.L., Inspector-General of Police in Mysore.

I have the honor to forward herewith copy of the Report on the working of the Mysore Mine Regulation for the official year 1913-14, received from the District Magistrate of Kolar.

2. The total number of cases dealt with under the said Regulation during the year was 92, o 65 cases less than in the preceding year. The decrease was chiefly under Section 6 "Unlawful pos session of Mining Material," Section 17, "Undesirables" and "Breaches of Sanitary Rules framed under Section 34." Close watch and discreet compaign pursued in previous years against a numbe of undesirables, and the binding down under the security sections of the Criminal Procedure Code o some of the worst characters during the year under report largely account for the decrease of case under Section 17.

Of the 92 cases, 65 ended in conviction and 24 in acquittal or discharge, against 125 and 3 respectively in the previous year. The remaining 3 cases were struck off on A Form as the where abouts of the accused could not be traced.

3. One hundred and two persons were prosecuted in these cases, of whom 68 were convicte and 34 were acquitted or discharged, against 182, 139 and 43, respectively, in the previous year.

4. As in the previous year, there were again no instances of any violation of the provisions o Sections 5 and 10 of the Regulation.

5. Statement No. I attached to the District Magistrate's report shows how the maximum sentence provided for under Section 17, which is only three months, has not had sufficient deterrent effect on the class of criminals resorting to this busy area, and it is needless to say that it has been found inadequate against the strong temptations which prompt such people to continue on the fields As has already been brought to the notice of Government, it is very necessary that the punishment for such offences should be raised to one year, or the offences made punishable with whipping in addition to or in lieu of imprisonment on second or subsequent convictions, as in case of some of the other offences under this Regulation.

Moreover, Robertsonpet and Andersonpet (Stephens Camp) which at present afford easy and safe shelter to bad characters should also be included within the area falling under this section, as suggested by the District Magistrate.

6. As regards the extension of the Mysore Mines Regulation to the Railway premises, the matter will be dealt with in the special report to be submitted to Government as per Proceedings No. J.2212-13—Legis. 26-13-6, dated 5th February 1914, in January next.

Enclosure.

No. 1738, dated Kolar, the 15th September 1914, from P. F. Bowring, Esq., District Magistrate, Kolar District.

I have the honor to forward herewith the 8th Annual Report on e working of the Mysore Mines Regulation, IV of 1906, for the official year ending 30th June 1914.

2. The total number of cases placed before and dealt with by Magistrates during the year under report, under various sections of the Regulation was 92 involving 105 persons, of which 65 involving 68 persons ended in conviction, 24 involving 34 persons in acquittal or discharge and 3 cases involving 3 persons were struck off being six months old, against 157 cases concerning 182 persons in the previous year, of which 125 ended in conviction of 139 persons, and the rest in acquittal or discharge.

The net decrease of 65 cases, which is appreciably large, is due to fewer prosecutions instituted under offences relating to (i) Unlawful possession of mining materials, (ii) Undesirables, and (iii) Breach of Sanitary Rules framed under Section 34, Mysore Mines Regulation, the figures under these heads for the year under report being 28, 10 and 45 as against 34, 20 and 77 in 1912-13. The shrinkage is not very material under unlawful possession of mining material, and, as regards undesirables, is probably due to the fact that so many of them have been dealt with in previous years, that they are beginning to give it up. It is to be hoped that is so, but there may be a recrudescence of the numbers, but as shown further on in this report the worst offenders have been dealt with

otherwise. From the sanitary point of view, I am inclined to think that the falling off shows slackness on the part of the Sanitary Inspectors working under the Health Officer and the matter will be brought to his notice

3. During the year under report, 39 cases involving 47 persons were prosecuted by the Police before the Courts under Sections 5 to 19 of the Regulation as against 76 cases involving 88 persons for last year. The figures for this and the preceding year are as follows :—

Sections	1912-13				1913-14			
	Prosecuted		Convicted		Prosecuted		Convicted	
	Cases	Persons	Cases	Persons	Cases	Persons	Cases	Persons
6 and 13	31	16	26	35	28	36	22	24

(i) *Section 6. Unlawful possession of mining materials*.—The percentage of convictions secured is better than last year being 78·5 as compared with 76·4.

Only 5 cases are worth noting in details :—

(*a*) One Appadurai Mudaliar, a notorious receiver of gold of nearly 20 years standing was arrested in possession of sponge gold valued at Rs. 197, convicted and sentenced to one year's rigorous imprisonment. He appealed to the Chief Court. The conviction was upheld, but the sentence reduced to six months' rigorous imprisonment.

(*b*) A Komaty named Muniappa Chetty was found in possession of sponge gold valued at Rs. 212-8-0 and sentenced to nine months' rigorous imprisonment.

(*c*) One butcher Anthony, a small receiver for a long time, was arrested in with Rs. 5 worth of amalgam in his possession and sentenced to one years' rigorous imprisonment.

(*d*) One Chitambaram Chetty was fined Rs. 200 for booking brass fittings worth Rs. 137-7-0 from Bowringpet, the property of the Mines.

(*e*) Mahomed Ghouse was sentenced to six months' rigorous imprisonment for possession of sponge gold valued at Rs. 79.

The information which led to the detection of these five cases was, in (*a*), (*b*) and (*d*) furnished by the Detective Department, in (*c*) by the Regular Police and in (*e*) by the Watch Establishment. The point I wish emphasize here is that, during the year, two well-known receivers have at last received their deserts.

(ii) *Section 7. Licenses required for gold dealers and goldsmiths*.—Only one case was reported during the year in which a goldsmith named Lingappa of Mawahalli village was convicted for working without a license. The information was supplied by the Detective Department. Twenty-two licenses were renewed and 5 fresh licenses were issued during the year as compared with 21 licenses for last year. The license fees thus realized amounted to Rs. 135 against Rs. 120 in the previous year.

(iii) *Section 10. Books to be maintained by licensed gold dealers and goldsmiths*.—No prosecutions were instituted during the year, as in the year previous, under this section, for failing to maintain the required registers.

(iv) *Section 12. Possession of unwrought gold*.—No bar gold cases were detected during the year against 3 in the previous year.

(v) *Section 16. Liability of tenants or occupier of premises where mining material is found*.—Only one case was reported and resulted in a B sheet. As I have pointed out before, this section is not of much value. Last year several cases failed.

(vi) *Section 17. Undesirables*.—Ten cases were put up and all resulted in conviction, which is satisfactory. The drop of 5% as compared with last year may be accounted for by the fact that 5 confirmed offenders under this section were put up under Section 109 of the Criminal Procedure Code, and sentenced four, to one year's rigorous imprisonment, and one to 18 months' rigorous imprisonment and under the Penal Code sections, 5 others were sentenced as follows:—

One to two years' regorous imprisonment under Sections 451 and 380, one to 18 months' rigorous imprisonment under Section 379 and three to three months' rigorous imprisonment under Section 447. But for these convictions, which effectually put our worst undesirables out of the way for a considerable time, there would perhaps have been no fall in the number of cases prosecuted.

Again and again it has been brought to notice that the maximum sentence under this section, three months, is absolutely inadequate and I am clearly of opinion that when a man has had as many

as seven convictions under this section and been warned on conviction that he will get the maximum if he comes up again, that he should again only get three months, is an anomaly.

List No. 1 showing the undesirable characters who have been convicted more than four times under Sections 17 and 19 of the Mysore Mines Regulation from September 1906 to July 1914 is hereto appended.

If the maximum sentence was enhanced, this section would be a powerful weapon to rid the field for longer periods of its worst bad characters, and something really ought to be done in this matter. Twenty-nine notices were served during the year under the section, 20 by the Watch Establishment and 9 by the Police. The power to serve notices has now been entirely vested in the Superintendent of Police for the whole of the mines and is a step in the right direction. It now remains only to include in the prescribed area the worst suburbs of the Mines namely Robertsonpet and Stephen's Camp.

(vii) *Section 18 licenses required by hawkers and pedlars.*—During the year under report, 32 hawkers and 53 pedlars' licenses realizing a sum of Rs. 213 were granted against 24 and 75 respectively in the year previous for dealing in fancy goods and other articles on the several mines. No cases were put up during the year under this section. Only 24 cases have been put up in the last seven years and I can only account for this year's result by stating that the provisions of the section are now very well known.

4. *Sections 21 to 33 safety and discipline of mining employees.*—There was a rise in the number of prosecutions for breaches of Mining Rules endangering human life, the figures being 8 cases with 11 persons in the year 1913-14 against 3 cases involving 3 persons in the year previous to it. Of these, 7 cases were successfully prosecuted to conviction, 1 case with 1 person was struck off owing to efflux of time, the whereabouts of the accused not being known and two persons were acquitted.

5. *Mining accidents.*— The total number of serious mining accidents, which occurred during the year, was 66, resulting in the death of 62 persons underground and 40 persons in hospital subsequently owing to injuries received and consequent complications. The figures under this head for the year 1912-13 were 69 involving 89 persons.

The causes for several of these accidents are ascribed as usual to the phenomena known as "Air blasts" or 'quakes', fall of loose, cage accidents, etc. In all these accidents, an Officer of the Geological Department inspected the scene of occurrence and submitted final reports.

6. *Prosecutions under the Sanitary rules.*—During the year under report, 45 cases with 47 persons were dealt with for breaches of Sanitary Rules framed under Section 34 as against 77 cases with 89 persons in the previous year. Out of these, 25 cases involving 26 persons ended in conviction, 18 involving 19 persons in discharge or acquittal and 2 involving 2 persons were struck off. I have in a previous para given my opinion as to the fall in the number of these cases.

7. I attach three tables, which may be of interest, showing:—

1. Cases and persons charged from the time the Regulation came into force.
2. The description of property discovered and the number of undesirables, etc., arrested.
3. By whom cases under the Regulation detected.

8. It appears to me that now is a fit time to bring prominently to notice that as the jurisdiction of the railway running right through the centre and busiest part of the Mining area has been handed over to the Mysore Government, it is but reasonable to expect that the provisions of the Mines Regulation should be in force there also. This is not the case.

It hardly needs any words from me to emphasise how important this is, it stands to reason that it is so.

Only the other day a Lubbay was caught on the railway premises, with Rs. 11-3-0 worth of brass fittings. He had necessarily to be tried by the Magistrate under the Indian Penal Code and although the Magistrate convicted him and sentenced him to three months' rigorous imprisonment, the Chief Court on appeal reversed the sentence and acquitted the accused on the ground that "there is no proof that the materials seized were the property of any particular mine and none that it was stolen property and that accused had received the same with dishonest intention. The mere fact that they are similar to materials used in the Mining Industry can only raise a presumption that they left one or other of the mines by theft, but this alone is not sufficient to sustain a conviction under Section 411 of the Indian Penal Code." This could not have happened if the man had been tried under the Mines Regulation and there is no doubt whatever that he was guilty, as brass fittings are not sold by the Mining Authorities or given away.

It stands to reason that the Police are very much handicapped, as things are at present, and there is no reason whatever to suppose that they would abuse their authority on the railway premises. They do not do so outside, and I can see no real reason why the Regulation should not become law all over the Mining area including the most important part of it from the Police point of view, the railway.

I therefore strongly urge that this matter should not be lost sight of, when a report called for after the jurisdiction of the railway has been ours for twelve months.

Order No. J. 2035-44—Cts. 7-14-8, dated 5th January 1915.

It has come to the notice of Government that persons sentenced to imprisonment in default of payment of fine in addition to a substantive term of imprisonment have sometimes been detained in Jail after the substantive sentence had expired even though the fine had actually been paid. This result is traced to delay in intimating the payment or recovery of fine to the Jail authorities in proper time and it is suggested that this might be effectively prevented if the substantive sentence is in every case entered in the warrant for the levy of the fine, so that the officers charged with the execution of the warrant for levying the fine may realise the necessity of communicating the result to the Courts concerned without any delay.

2. This suggestion has met with the support of the Judges of the Chief Court who add that the Jail or Lock-up where the convicted person might be serving his term of imprisonment should also be mentioned in the fine warrant to enable the Police officers to expeditiously communicate, if necessary, with the officer in charge of the Jail or Lock-up.

3. Government agree with the Chief Court who are accordingly requested to have the form of the fine-warrant suitably amended.

2. Letter No. 95, dated the 29th August 1914, from the President, Sanitary Board, Kolar Gold Fields, forwarding for sanction an estimate for Rs. 4,123 towards the maintenance charges of water-supply to Robertsonpet for the year 1914-15, together with the reappropriation statement providing funds to meet the charge.

Order No. 5164-7—L. B. 50-14-4, dated 2nd January 1915.

The proposed transfer of funds is unnecessary.

2. Government observe that there has been no uniformity in the procedure now followed in the matter of adjustment of the annual maintenance charges and direct the adoption of the following mode of adjustment in future. The President, Sanitary Board will, on requisition by the Public Works Department, place at its disposal the full amount of the estimate as sanctioned in that department and show the charge in the first instance under "Advances" to be adjusted finally, after the schedules of actual expenditure are received from the Executive Engineer, by debit to "Water-supply and Maintenance" and credit to "Advance."

3. The annual maintenance estimates will in future be sanctioned in the Public Works Department as in the case of "Contribution Works."

Government Order No. 11882-5—Ml. 283-13-1, dated the 27th May 1914, conveying sanction to the investment of the surplus funds of the Bangalore City Municipality in the Mysore Bank, Limited, and to the conduct of all the transactions of the Municipality through the agency of that Bank, subject to certain conditions.

2. Letter No. 5, dated the 6th July 1914, from the President, Bangalore City Municipal Council, stating that the Bank of Mysore has declined to accept the conditions imposed in para I and clause (iv) of para II of the aforesaid order, and requesting in the circumstance a reconsideration of that order in this respect and also a direction to the Comptroller that no adjustments should be made by him out of the funds of the City Municipal Council without the previous concurrence of the Municipal Council in each case.

Order No. 5265-8—Ml. 97-14-5, dated 6th January 1915.

Government are not satisfied that there is any need to modify the arrangement sanctioned in para I of the order referred to above in respect of the investment of the sum of Rs. 75,000 out of the amount at the credit of the Municipality.

2. As regards the amount to be kept in the floating account, however, Government see no objection to the Municipal Council having all their available balances in excess of Rs. 5,000 in the Mysore Bank, Limited, though interest is earned only up to a sum of Rs. 25,000 and they will be authorised to do so.

3. With reference to the other point raised by the President, Government observe that the Comptroller has no authority to effect adjustments without the concurrence of the Municipal Council.

Sinking Draw-wells in Villages of the State.

No. 5248-59—San. 38-12-38, dated 6th January 1915.

GOVERNMENT OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 96, dated the 14th August 1912, from the Deputy Commissioner, Chitaldrug District, requesting sanction from State Funds to an annual grant of Rs. 20,000 for a period of five years, for providing draw-wells in as many villages of the district as possible with a view to prevent epidemics of cholera in the district, as the District Board is unable to meet the cost in question though it is a legitimate charge on its funds.

2. Letter No. 2828, dated the 15th January 1914, from the Sanitary Commissioner, recommending an annual grant of one lakh of rupees from Provincial Funds for the improvement of existing water-supply in villages in the several districts.

3. Communications from the Deputy Commissioners of Districts furnishing information as to the number of draw-wells to be sunk in the districts, during the next five years, the approximate cost involved, the cost of earthwork to be executed by the villagers and the amount that can be made available from the District Funds for the purpose.

Order No. 5248-59—San. 38-12-38, dated Bangalore, the 6th January 1915.

As more than nine-tenths of the population in the State live in villages the improvement of water supply is a measure of great importance for the prosperity of rural areas. The chief sources of supply in such areas at present are wells, tanks, streams, rivers and irrigation channels. Of these draw-wells are best suited to villages as they can be more easily protected from contamination than other sources of water-supply.

2. The duty of providing good water-supply in villages rests primarily on the District Boards concerned. Under the existing practice, the cost of stone work is contributed by the District Board, the earthwork being done by the villagers. From the statements received from the Deputy Commissioners of Districts it is observed that the number of new draw-wells required in all the districts is about 3,000 and the cost is estimated at about eleven lakhs. The amount that can be made available from District Funds for contributions to works of this character does not exceed on the average Rs. 47,000 annually and taking the cost of earthwork done by the raiyats as equal in amount, it will not be possible according to the arrangements now in force to undertake more than a limited number of such works every year, without a special State grant.

3. Out of the two lakhs of rupees annually provided for village improvement, half a lakh may be made available for sinking and improving wells and a similar amount is now spent from District Funds. In addition to this, Government have decided to make a special grant of one lakh of rupees annually for a period of three years for sinking and improving drinking water wells and have already provided this amount in the current year's budget. The total amount of grant from State and other funds will thus be two lakhs and if an equal amount of contribution is received from the villagers either in cash or in the shape of labour, there should be no difficulty in carrying out all the well works required in about three or four years' time.

4. In order to facilitate the execution of an extensive programme of these works and the utilization of funds to the greatest advantage the following measures are necessary.

(1) Preparation and maintenance of a correct up-to-date list of drinking water wells required to be sunk or improved in each taluk arranged in the order of urgency and importance with complete information as to the contribution which the raiyats are prepared to pay and whether in cash or in the shape of labour.

(2) Selection of the more urgent wells to be undertaken each year at the commencement of each official year and the preparation of a regular working programme according to which the works will be carried out.

(3) Maintenance of a list of wells and statement of works to be executed during the year for the whole district in the offices of the Deputy Commissioner,

for the sub-division in that of the Sub-Division Office and for the taluk in that of the Amildar with clear instructions as to the responsibility of each officer in giving effect to the programme.

(4) Progress reports of the work done should be obtained every month and checked in the District and the Sub-Division Offices. These reports should also be placed before the meetings of the District and Taluk Boards.

5. As far as possible no well should be sanctioned unless the villagers concerned contribute half the cost but in exceptional cases where owing to the poverty of the population or other sufficient cause (such as the well being required for the benefit of the depressed classes the entire amount of contribution cannot be raised) discretion will be given to the Presidents of District Boards to relax the condition. A list of cases in which an exception has been made should be submitted to Government.

6. The Presidents of the District Boards are requested to give wide publicity throughout the villages in the State to the facilities now given to the villagers to provide themselves with wells and to induce the people to raise the necessary funds to meet their share of the cost of constructing the wells.

7. The question of providing each district with proper boring apparatus so that investment of money on wells likely to prove failures may be avoided is engaging the attention of Government but until a cheap and effective apparatus is devised for the purpose local officers will be expected to exercise great care in the selection of sites for wells and before any costly work is commenced, the depth at which water may be found should wherever possible be ascertained by trial pits. The Chief Engineer is requested to furnish Presidents of District Boards with a few simple suggestions for selecting suitable sites for wells. Special attention should be paid in selecting the site to allow of the well being protected from contamination from the flow of drainage water and household sullage into it and of the adoption of other sanitary precautions.

8. The special allotment of one lakh will be treated as a contribution to the Local Funds and a quarterly statement of the wells sanctioned, the amount utilized, the amount of contribution raised by the villagers should be submitted to Government.

9. The sinking of wells should be, as far as possible, entrusted to the local village agencies and where this is not possible arrangements may be made to get the work done by local contractors. The Presidents of District and Taluk Boards are expected to see that the work is properly executed and that no bills are paid unless the work has been checked by a responsible officer.

10. Each well as soon as it is constructed should be protected by a suitable parapet and all necessary precautions taken to keep the water free from contamination.

11. The Chief Engineer is requested to prepare and submit by 31st March next a set of simple instructions for sinking drinking water wells with suitable type designs for wells of different kinds.

12. The Sanitary Commissioner is requested to submit at an early date a few rules which may be distributed to Village Committees to help the villagers to maintain village water-supplies in a state of purity and free from pollution.

13. The Presidents of District Boards will intimate at an early date the amount required in each district out of the current year's allotment and take effective steps to utilize the grants placed at their disposal. The allotment required for the next year may be intimated before the end of March.

Letter No. 749, dated 9th September 1914, from the Director of Industries and Commerce in Mysore, suggesting the desirability of appointing a qualified Engineer for each district for the purpose of working up industrial schemes and encouraging the establishment of small factories, and accordingly proposing the appointment of five Engineers, in addition to the three already working under him, on salaries ranging from Rs. 100 to Rs. 200, per mensem.

Order No. 2508-11—A. & I. 19-14-10, dated 19th January 1915.

Government note that the introduction of machinery into the industrial field is likely to lead to most beneficial results and consider that Mr. Chatterton's special knowledge in regard to the installation of machinery should be fully utilized by getting more local men trained by him, for the work of industrial development of the State.

2. They are accordingly pleased to sanction the employment of three Engineering graduates to start with, on pay ranging from Rs. 100 to Rs. 200, per mensem. The appointments will be made only if qualified Mysore graduates are available. The tenure of office of the whole staff will be temporary.

3. The Director of Industries and Commerce is requested to invite applications for the appointments by public notice and to submit his recommendation for the sanction of Government.

4. The expenditure actually incurred in this behalf during the current year will be met from "Lapses and surrenders."

Theppotsavam Accident at Nanjangud.

No. 1527-41—Muz. 19-14-14, dated 11th January 1915.

Government Proceedings No 151—M. F. 19-14-2, dated the 17th July 1914, recording with regret the telegram dated the 13th July 1914 and D. O letter dated the 14th idem received from the Deputy Commissioner, Mysore District, reporting that a drowning accident occurred at Nanjangud during the temple Theppotsava on the 12th idem.

2. Telegram dated 14th July 1914 and memorial dated 9th August 1914, from G. R. Venkata Rao of Nanjangud ascribing the drowning incident to the negligence and indifference of the local officers and praying for a thorough investigation into the matter.

3. Correspondence ending with letters Nos. 89 and 90, dated the 28th August 1914, from the Deputy Commissioner, Mysore District, submitting records of enquiry held by the Amildar of Nanjangud on the accident and the records of inquest held on the bodies of five persons who were drowned.

4. Letter No. 140, dated 12th October 1914, from the Deputy Commissioner, Mysore District, submitting a report on the petition of G. R. Venkata Rao.

5. Note dated 31st October 1914, from the Muzrai Superintendent, examining the circumstances of the case and recommending the adoption of certain precautionary measures in connection with the temple utsavams.

Order No. 1527-41—Muz. 19-14-14, dated 11th January 1915.

The Manikarnika Ghat, where the Girijakalyana Theppotsava takes place on three consecutive evenings, is situated at the tail of a bend in the river Kapini and slightly abuts into the bed with the result that there is a strong current at the head of the Ghat with slack water along the steps. There is also a mango tree just beyond the Ghat with overhanging boughs almost touching the water at flood level. On the evening of the 11th August 1914, the first day of the Theppotsava, the diety was as usual taken to the river and the utsava was conducted safely. The utsava undertaken on the second evening, *viz.*, 12th idem ended in disaster. There were freshes in the river as is usual at the season of the year and the raft which consisted of a platform thrown over two dugouts appears to have been taken to the head of the Ghat which brought it within the sphere of the current. In trying to pull in the raft, the head rope attached to it snapped and the raft swung round with its broad side against the full force of the current. The temple servants and other persons who were on it fifteen in all crowded to the side nearer the shore, with the result that it capsized in the stream, and that five persons unfortunately lost their lives.

2. After perusing the report and record of the enquiry on this regrettable occurrence, Government concur with the Deputy Commissioner and the Muzrai Superintendent in thinking that it was due to accidental causes which could not be foreseen or prevented. The Government, however, consider that no satisfactory explanation has been forthcoming for the Amildar's absence or for his failing to depute a responsible officer in his place to see to the proper conduct of the utsava, particularly as he must have known that there was an element of danger owing to the freshes in the river. The Deputy Commissioner is requested to convey to Mr. B. Bhima Rao, the displeasure of Government for this omission.

3. The Government are of opinion that certain precautions should be taken in future as prescribed below to prevent the occurrence of such accidents.

4. Of the five cars used at the annual rathotsava, two are unsually large and somewhat old. As the jatra approaches these cars should be inspected by a responsible officer of the Public Works Department deputed for the purpose by the Chief Engineer, the Local Revenue Sub-Division Officer or the Amildar should be present on the occasion and carry out any suggestions made by the Engineering officer, so as to improve the safety of the cars.

5. As the Theppotsava occurs twice a year, it is necessary that the temple should own a sound raft of its own with satisfactory floats and capable of being dismantled and stored away when not in use. The Chief Engineer is requested to submit at an early date a plan and estimate for providing the temple with such a raft.

6. In the Navarathri and Krithika utsavas when a number of lamps are lit, the chief danger appears to be from fire, and the Deputy Commissioner is requested to make available as a precautionary measure a sufficient storage of water.

7. The Amildar should be present at the following utsavas and if unavoidably absent, a responsible officer such as the Taluk Sheristadar or the Police Inspector should be deputed by him to supervise their celebration :—

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

PUBLIC WORKS DEPARTMENT.

READ—

Government Proceedings No. R 6081-6121—L. R 480-12-1, dated the 5th May 1913, issuing instructions in the matter of compensation payable for lands to be acquired in connection with the construction of the Cauvery Reservoir.

2. Government Proceedings No. R. 2858-61—L. R. 295-13-2, dated the 27th September 1913, passing orders on the subject of the contribution and water rate to be recovered from the holders of Government and Inam lands to be benefited by the proposed extensions of the Hemagiri and other channels.

3. Note dated 19th November 1914 by the Secretary to Government, Public Works Department:—

'I submit herewith preliminary plans and estimates for the right and left bank low level canals below the Cauvery Reservoir. The more important items of these two canals are extracted on a separate sheet, for ready reference.

2. The total extent of land proposed to be brought under cultivation is 4,599 acres under the two canals together. Of this, about 1,501 acres will be available for the resettlement of the raiyats of Kannambadi and Chick Ayerhalli on the left bank, and Anandur and Unduwadi on the right bank. These villages will be partly or wholly submerged by the first stage reservoir and the resettlement of the raiyats concerned before the next monsoon is very necessary; and the present estimates provide for this.

3. The Superintending Engineer, Cauvery Reservoir Works, has calculated the discharging capacity of these channels on the basis of a head duty of 80 with an allowance of 50 per cent extra capacity for rotational supply of water. But in the discharge statement, he has made a further provision for wastage at ·5 c.ft. per mile, thus reducing the duty at the head to about 35 and 40 respectively, for the two canals. This low duty can by no means be allowed for canals under the reservoir, and so, the further provision made by the Superintending Engineer for wastage has been disallowed.

4. The cost of the two canals is Rs. 2,31,000 according to the estimates submitted by the Superintending Engineer which may, however, be reduced by about Rs. 15,000 on both the canals together owing to the reduction in section noted above. But for calculating the financial prospects, the larger figure given by the Superintending Engineer has been taken to err on the safe side.

5. The amount of contribution recoverable from raiyats is estimated at Rs. 1,41,470 as a cautious figure.

6. No credit has been shown for contribution on Government waste lands, as this will be given in lieu of submerged lands. Also, contribution on only about ⅔ of private holdings has been taken as a set-off against the voluntary surrendering of ⅓ of each holding. If these two items of contribution had been added to the amount of contribution, Rs 1,41,470, already allowed for, the total would have been about Rs. 4 lakhs. This waiving of contribution has, however, secured about 1,500 acres for exchange for about 1,000 acres belonging to the drowned out population.

7. But this extra contribution now foregone would be a fair and proper charge against the item 'compensation' in the reservoir project. It is therefore proposed to charge Rs. 100 for every acre of the drowned out wet area as a debit to the dam project and credit to the canals, and this gives (1002 × 100 =) Rs. 1,00,200 as an indirect addition to the amount of direct contribution. Thus the total contribution may be taken as (Rs. 1,41,470 + 1,00,200 =) Rs. 2,41,670, a figure in excess of the total cost of the two estimates, *viz.*, Rs. 2,31,000.

8. Thus the net cost of the canals would be (Rs. 2,31,000 − 2,41,670 =) − Rs. 10,670, which means Government will gain by this amount in constructing these canals.

9. *Financial aspect*.—The net revenue to be expected amounts to Rs. 19,321 on the two canals after deducting the working expenses. This gives a return of 21·6 per cent on the net cost to Government which is (Rs. 2,31,000 - 1,41,470 =) Rs 89,530 excluding the contribution actually recovered. On the whole of the estimated cost, *viz.*, Rs. 2,31,000 irrespective of the contribution, the return would be 8·3 per cent.

10. But in the above calculation the cost of storage has been left out of account. The estimated cost of the second stage reservoir is Rs. 139 lakhs. The actual storage above 40 feet level is 40,000 million cubic feet, while the total quantity of water made available for irrigation by the reservoir is about 50,000 million cubic feet. The quantity of water required for irrigating 4,600 acres below these canals may be roughly taken as 1,000 million cubic feet. Thus the proportionate cost of storage to be charged to these two canals may be taken as $\frac{1}{50}$ of 139 = 2·8 lakhs of rupees.

11. Adding this to the net cost of the canals, we have (Rs. 2,30,000 − 10,670 =) Rs. 2,69,330, as the ultimate cost of the two canals, including the proportionate cost of storage. The return on this ultimate cost with the same net revenue of Rs. 19,321 noted above would be $\frac{19,321 \times 100}{2,69,330}$ = 7·2 per cent.

No. 47-51—288-92, DATED 8TH JANUARY 1915.

12. Thus, viewed in various lights, the two projects are sure to prove remunerative in every way. I therefore request that administrative sanction may be accorded to the preliminary estimates which are being further developed by the Superintending Engineer.

13. I also request that permission may kindly be given to start these canal works immediately so as to enable the resettlement of the displaced population under the first stage reservoir, before the next monsoon begins, with a view to avoid the payment of heavy crop compensation.'

Order No. 47-51—288-92, dated 8th January 1915.

The main features of the project are as follows:—

		Rs.
Total extent of land proposed to be brought under cultivation ...		4,599 acres.
Estimated cost of the project		2,31,000
Contribution from the raiyats		2,41,670

The net cost of the project is thus reported to be a gain to Government to the extent of Rs. 10,670. The project is expected to be remunerative from a financial point of view.

2. The work is considered urgent owing to the necessity of finding suitable wet land for the people of Kannambadi who are the largest sufferers from the construction of the reservoir as well as for the people of other adjoining villages. Government are therefore pleased to sanction the project amounting to Rs. 2,31,000.

3. No irrigation should be allowed for a clear distance of half a mile immediately below the dam, as there will be a large sheet of water above the dam, and as some dry land below the dam is necessary.

Government Order No. 1255-61—Ry. F. 145-13-14, dated 6th April 1914, according provisional sanction to the scale of establishment required in connection with the acquisition of lands for the Mysore-Arsikere Railway.

2. Government Order No. 1625-30—Ry. F. 145-13-14, dated 1st June 1914, sanctioning certain alterations in the above scale.

3. Letter No. 4869, dated 30th October 1914, from the Revenue Commissioner in Mysore submitting a complete scale of establishment.

Order No. 1480-84—Ry. F. 145-14-15, dated 6th January 1915.

The accompanying scale of establishment costing Rs. 23,663 including the provision for allowances, contingencies and furniture is sanctioned. The Revenue Commissioner is requested to see that the work is completed within the period now estimated for.

2. As the cost of the establishment exceeds the amount provided therefor in the project estimate for the construction of the line, the excess may be met from savings under payments of compensation for the lands, or, if this is not possible, by reappropriation. On completion of the work, the furniture of the offices should be either returned to Railway stores, or handed over to the Revenue Department at a fair valuation and credit afforded to the estimate for the railway.
